A well known and characteristic landmark in Lawndale, The Federal building at 150000 Aviation Blvd., houses the Federal Aviation Administration's West Coast Headquarters. City Council Rehashes Topics, Approves Senior Citizens Commission

By Nancy Peters

The Hawthorne City Council met Tuesday evening to review topics on an agenda packed with presentations, resolutions, public hearings, ordinance readings for introduction (as well as several ready for approval after a second reading) and public communications. The Council rehashed several topics, resulting in lengthy discussions before votes were cast.

The Senior Citizens Commission was approved by the second reading of the ordinance establishing the new group. The record reflected that the application, completion of which is required for applicants to be appointed at the discretion of the Mayor, will be included as an amendment to the ordinance within 30 days so that the question of the age of the applicant may be confirmed and not violate individual rights.

A resolution was approved for the installation of sensors along a 10,000-foot perimeter of the Hawthorne Municipal Airport fencing in the north and east directions. The sensors provide a security system with fiber optic capabilities and vibration detection of any intrusions on the fencing. The wire system will be placed on the existing fence. The system issues alerts by alarm when the sensors detect anything that requires response. When combined with the video produced, the sophistication of the design can differentiate anything deemed a non-emergency situation. The vendor, also a new tenant in the same building, is donating the system in exchange for testing the prototype at Hawthorne Municipal Airport. The system has a purchase value of \$120,000.

A resolution, which returned to the agenda many times in the past with numerous additions, deletions and

controversial discussions of included nonprofit organizations eligible for the \$3,000 stipend of each elected official, was once again a topic of lengthy discussion. Councilmember Nilo Michelin disputed the inclusion of the \$21,000 in a budget that is sparse, and in the interest of the lack of transparency when a nonprofit receives a particular stipend amount. The resolution assumes the included nonprofits can receive donations in any amount up to \$3,000 from any one of the seven elected officials without prior approval of the majority of the Council voting for that donation to be allocated. Reports after the donation is made are the first indication of each donation. The Council approved the resolution with Michelin the only no vote.

The City will be eligible to advise the State of California of specific industrial zones in Hawthorne, designated as "Recycling Market Development Zones" where building and manufacturing are accomplished with recycled materials and fulfill a 50-percent waste diversion rate. Those businesses that use recycled materials will be eligible for low interest rate loans from the State for any development and construction. The City will be eligible for specific grants by designating these zones.

The approved 2013-2014 municipal budget also returned to the agenda. Some language seemingly required clarification of the process of signing paperwork for employees eligible to receive additional pay, as designated by the Memorandum of Understanding (MOU) accepted by the City and employee union(s). The item did not have a staff report clearly stating the need for clarifying language for those already under the MOUs due to their current status and eligibility to receive merit pay. In addition, the resolution wording uses

the words "further limitation," rather than stating the true purpose of the amendment. The topic discussion resulted in approval of the resolution, but with Mayor Danny Juarez abstaining after his motion to table, the item failed for lack of a second to his motion.

The event permit application process, introduced as an ordinance first reading, limits the application submission for use of City property for events to a minimum of 120 days prior to the date of any event, with payment of all fees a minimum of 60 days prior to that event. Noncompliance results in the event cancellation and the use of City property deemed null and void.

In preparation for the Municipal Election on Nov. 5, the final candidates' forum will be held Wednesday, Oct. 16 at Juan Cabrillo School at 7 p.m.

The New Star Family Center will open to the public on Friday, Oct. 18 with an open house at 1 p.m. The center, open to all ages, is a one-stop location for victims of domestic abuse who can find legal advice, counseling services and places for shelter out of a domestic abuse situation. The center is located at 14221 Hawthorne Blvd.

The Second-Annual Pet Extravaganza will be held Saturday, Oct. 12, from 10 a.m. to 4 p.m. at Kornblum Elementary School, where animal demonstrations will be held in a festival atmosphere. No personal pets are allowed.

The staff was requested to prepare a report for the Council on the expenditures for outside counsel in the City attorney's office, including payments made to Tiffany Israel as a separate line item, with explanation of the work performed by outside counselors since August 2012.

The next Hawthorne City Council meeting will be held on Tuesday, Oct. 22, at 6 p.m. •

2013 SEED AWARDS, TWO HAWTHORNE BUSINESSES RECOGNIZED

The South Bay Business Environmental Coalition (SBBEC) hosted its 6th Annual SEED Awards event Sept. 26 at the Terranea Resort in Rancho Palos Verdes. Comprised of

Doug Krauss of Hawthorne Public Works (left) and Alejandro Rosales of Bruder Toys.

businesses and municipalities throughout the South Bay and beyond, the SBBEC hosts the SEED Award program to recognize the extraordinary

environmental efforts of local businesses, individuals and organizations.

This year the City of Hawthorne had a nominee and a category winner. Bruder Toys at 4950 145th St. won the "Pollution Prevention Award" for its efforts to make both its

products and operations environmentally sustainable. Hawthorne's other nominee was E Tech Surfboards at 13125 Yukon Ave. E Tech is a previous SEED Award winner for its eco-friendly surfboards that use recycled foam and non-toxic glassing.

The event was attended by elected officials and business leaders from all over Southern California. Past SEED Award winners have ranged from individuals to international corporations, each of which have helped the quality of life in the South Bay and surrounding region. By recognizing the efforts being made locally, these awards help demonstrates to others how a few simple steps can make a significant impact. Photos by Amy Theilig.

Traffic Tickets Can Ruin More Than Your Day

By Jason Alderman

We all know that sinking feeling when you get pulled over for a traffic violation. If you're lucky, you might just get a "fix-it" ticket for a broken tail light. But what if it was a more serious offense, like speeding or reckless driving? Depending on your driving record, you could get slapped with a sizeable penalty or even a jail sentence – and your insurance rates will almost certainly go up.

Let's say you absentmindedly ran through a stop sign or made an illegal left-hand turn. You'll probably know right away how much the ticket will cost, but it could take months before your insurance company receives notice of the infraction and adjusts your premium.

will be added to your driving record per infraction, as well as information on the state's rules for when driving privileges can be suspended or revoked.

Another company, DMV.org, features a "Ticket Fines and Penalties" tool that provides an even more detailed state-by-state analysis of what various infractions can cost,

procedures for paying – or challenging – your ticket, how points are calculated, how long it takes to clear infractions from your record, links to local traffic schools and much more.

So, assuming you're not going to challenge the ticket in court, the damage has been done and your insurance rates will likely climb – what can you do to lower your premium?

"Another reason to comparison shop: Insurance companies calculate risk differently, so particular traffic infractions might trigger varying increases..."

If the suspense is killing you, Insurance.com has a handy tool called the "Uh-Oh! Calculator" that estimates the average rate increases for the 14 most common traffic violations. And, if you enter your age, ZIP code, residence type, marital status, length of time with your insurance carrier and current premium, the calculator will generate a more customized estimate based on your personal data.

Some of the average premium increases are pretty shocking:

- Reckless driving: 22 percent
- DUI first offense: 19 percent
- Driving without a license or permit: 18 percent
- Careless driving: 16 percent
- Speeding 30 mph over the limit: 15 percent
- Failure to stop: 15 percent
- Improper turn: 14 percent
- Improper passing: 14 percent
- Following too close/tailgating: 13 percent
- Speeding 15 to 29 mph over limit: 12 percent
- Speeding 1 to 14 mph over limit: 11 percent
- Failure to yield: 9 percent

If you plug in your personal data, the calculator will tell you how many points

Here are a few tips:

Investigate whether attending traffic school will erase the ticket from your record.

When your policy is up for renewal, get rate quotes from at least three carriers. Talk to an insurance agent or use an online comparison site – just be aware that not every carrier participates in these sites and make sure you're comparing apples to apples, since companies often package coverage differently.

Another reason to comparison shop: Insurance companies calculate risk differently, so particular traffic infractions might trigger varying increases, depending on the carrier.

Increasing your deductibles from \$250 to \$1,000 might lower your premium by 15 to 30 percent. Ask about discounts for things like low annual mileage, being over a certain age, good grades, vehicle safety features or buying your homeowners or renters insurance from the same company.

The best way to avoid traffic violation-related rate increases is to not break the law in the first place. But if that horse has already left the barn, arm yourself with information about coverage costs and how you might be able to lower your rates. •

TWO LAWDALE SCHOOLS HONORED BY 'ALLIANCE FOR A HEALTHIER GENERATION'

The Alliance for a Healthier Generation, founded by the American Heart Association and the Clinton Foundation, recognized Jane Addams Middle School and Will Rogers Middle School for transforming their campus into a healthier place for students and staff.

To earn the National Recognition Award, Jane Addams and Will Rogers improved its nutrition services and physical activity programs to meet or exceed stringent standards set by the Alliance for a Healthier Generation's Healthy Schools Program. Jane Addams and Will Rogers were among 267 schools from around the country honored at the Healthy Schools Program Forum at the Clinton Presidential Center in Little Rock, Ark. "We are so excited to receive national recognition this year. The Healthy Schools Program has helped us create a healthier and happier environment for students and staff alike and we are proud of the great results we've had so far", says Jenn VanBeveran, PE teacher from Will Rogers Middle School.

As a recipient of the Bronze National Recognition Award, Jane Addams Middle School students no longer earn candy and unhealthy snacks for participating in school-wide competitions. Instead, they receive fruit and school pens. In addition, when class parties occur, only healthy items are served.

New Homes For Sale in Hawthorne

My wife and I took a tour of the model homes at Parkside Village over on 120th Street and Van Ness Avenue on Sunday. The homes are either two story or three stories and have a lot of square footage inside. The swimming pool was busy and looked very inviting as the temps were in the 90s that day. Climbing the three flights of stairs every day would certainly keep me in better shape just getting up to the master bedroom to go to sleep.

Hawthorne Reclaims Cup by Routing Leuzinger

By Joe Snyder

Hawthorne High's football team went in the right direction toward the highly competitive Ocean League, while an undermanned Leuzinger team has to face the rugged Bay League that has five very good squads. The Olympians started out making very good effort in holding the Cougars to only a 3-0 first quarter lead, but Hawthorne opened things up with a 34-point second period and pulled away for a 44-8 victory in the to reclaim the Mayor's Cup in their annual rivalry last Friday at Leuzinger. Both offenses struggled in the first period as the Cougars scored the only three points on a 34-yard field goal by Miguel Hernandez.

Hawthorne, which improved to 2-3, scored two quick touchdowns to start the second quarter on a five-yard run by Eddie Thomas and a seven-yard fumble recovery by Issai Rivera for a 16-0 advantage. Aided by five

penalties by the Cougar defense, Leuzinger was able to cut Hawthorne's lead to 16-8 on a four-yard TD pass from quarterback Edson Santos to receiver Nathaniel Vaughn. Santos added a two-point conversion run.

The Cougars immediately responded and began to break the game open when Thomas took the kickoff and sprinted 80 yards into the end zone, increasing their lead to 23-8. After that, Olympian turnovers aided Hawthorne to add two more first half TDs on a 23-yard pass from quarterback Patrick Washington to wide receiver Jermaine Martin and a 14-yard run from McDaniel for a 37-8 halftime bulge. In the third quarter, the Cougars drove 64 yards in seven plays, capped by McDaniel's 36-yard scoring run.

"It was an emotional rivalry," said Hawthorne assistant coach Corey Thedford, who played on the Cougars' winning Mayor's Cup squad against Leuzinger in 1997. "Once we settled down, we played well."

McDaniel sparked the Cougars' offense by rushing for 144 yards and two touchdowns on 21 carries. Vaughn rushed for 69 yards for Leuzinger (0-5). Santos completed six of 15 passes for 47 yards and one TD.

Injuries continued to plague the already shorthanded and inexperienced Olympians

as they suffered losses of Markell Allen and Alberto Perez to concussions. Penalties also plagued both teams as they combined for more than 200 yards in infractions. "We must correct penalties," Hawthorne head coach Donald Paysinger said. "We have to get the jitters and nervousness out of our system and play better."

The Cougars hope to keep their momentum going when they host Culver City in their Ocean League opener Friday at 7 p.m. The usually powerful Centaurs are faced with a rebuilding season with a 1-4 record after being routed by powerful CIF-Southern Section PAC Five school La Puente Bishop Amat 48-19 last Friday at Culver. Leuzinger begins the Bay at defending Southern Section Northern Division champion Palos Verdes (3-2) Friday at 3 p.m. The Sea Kings are coming off a 34-13 win at Dominguez High in Compton last Friday.

INGLEWOOD ROUTS TORRANCE

Inglewood High's football team ended its three-game losing streak with a 33-2 home win over Torrance in their nonleague finale last Friday at Coleman Stadium. The Sentinels (2-3) had a fine showing by senior running back Trevon Benton, who rushed for 101 yards on 22 carries and scored two touchdowns. Benton scored on a 43-yard run and an 83-yard interception return. Fullback Dejon Cash had one rushing TD and quarterback Chris Thompkins passed for another. Defensively, Inglewood held the Tartars to just 117 total offensive yards.

Inglewood hopes to add to its winning streak as it begins the Ocean League at home against Beverly Hills Friday at 7 p.m. The Normans are off to their worst start in decades after finishing preseason at 0-5 with a 41-7 loss at South Pasadena last Friday.

MISTAKES PLAGUE MORNINGSID

Morningside High's football team had some key turnovers and other mistakes in a 32-14 loss to View Park Prep, at 5-0 one of the top-ranked teams in the CIF-Los Angeles City Section Division III, last Thursday at Coleman Stadium. Nine turnovers proved costly in the Monarchs' second defeat against three losses through the preseason. Morningside quarterback Clarence Jackson completed 17 of 40 passes for 230 yards, but was intercepted six times.

The Monarchs held a 14-12 third quarter lead when Christian Williams scored on a two-yard run, but View Park took the lead for good on a 20-yard touchdown reception by Cameron Griffin, who also added two more TDs to put the game away. Wide receiver Gary Hill had eight receptions for 223 yards and scored on a 20-yard run in the first period for Morningside.

Things won't get any easier for Morningside as it opens the Ocean League against favorite Santa Monica on Friday at Santa Monica City College at 7 p.m. The Vikings have a three-game losing streak after opening the season with wins over Redondo and Palisades, but lost to three in a row to highly regarded squads Mater Dei, Valencia and Newhall Hart (top-ranked in the Southern Section Northern Division). Last Friday, Santa Monica fell to Hart 26-14 at SMCC. •

'Smoke-Free Air for Everyone' Making an Impact

By Cristian Vasquez

Multi-housing units are the new target of smoke-free organizations such as Smokefree Air For Everyone (SAFE). With the many recent smoke-free initiatives and laws throughout the State of California, for several years, the focus on smoking bans has gone from restaurants and bars to public spaces such as parks and sidewalks.

"Smoke-free Living' is really the organization that has formed in Lawndale to address the problem of existing tobacco smoke in multiunit housing," Esther Schiller of SAFE said. "It is a fairly new group and they are all residents of the community."

With attention and efforts shifting to banning smoking on private property, groups like SAFE help residents in localities without laws banning smoking in multi-housing units. SAFE is currently working with Lawndale residents to spread awareness and gather information that can lead to laws to ban smoking being enacted.

"One of the things that we do is conduct surveys in the community, asking people who mostly live in apartments how they feel about tobacco smoke and what they think of it," Schiller said. "We are able to identify condo owners by asking if they own or rent, and how if they allow smoking in their own home."

These surveys and questions help determine how strongly those surveyed would prefer a living space in which smoking is prohibited in their buildings. In addition, the survey also asks if residents would prefer policies or laws to ensure that smoking in apartments and condominiums is prohibited.

"There is a myth that has been forced upon us by the tobacco industry that there is a right to smoke--smoking is a choice, not a right," Schiller said. "Where people smoke can be regulated and what is happening in California is that a number of cities have adopted policies to regulate smoking in apartment buildings and many of them have done condos as well."

Until recently, tenants who were uncomfortable with secondhand smoke had limited options in voicing their displeasure and

opposition to the smoking in multi-housing units. With more interest groups bringing the issue to the attention of lawmakers, there is a more organized and concerted effort to ensure that smoke-free multi-housing units are made available. The Department of Housing and Urban Development (HUD) has even begun to take notice of drifting tobacco smoke in affordable housing units where the problem is aggravated because of the hardship it is for low-income people to relocate.

"Many of these low-income units are funded by HUD, and HUD has come out with a memo strongly encouraging affordable housing providers to make some, or all, of its units nonsmoking," Schiller said. "Just recently, the Los Angeles County Housing Authority has adopted a no-smoking policy in all of its units. It has more than 3,000 units throughout Los Angeles County, and this year it is educating the community and residents. Next year, it will be enforcing the policy of 'no smoking' anywhere on the premises, including units."

Attempts to present the issue of drifting tobacco smoke in multi-housing units to the Legislature were stalled because members of that group and the Housing Committee didn't know enough about the issues. "There was a state law signed by the Governor last year, and that law says that a landlord has the legal authority to make a unit nonsmoking, including balconies, indoor and outdoor common areas," Schiller said. "It has always been legal for landlords to do that and it has always been legal for condominium boards to do that, but people did not know it. People were worried about doing something without a law that said so."

With help from L.A. County, groups like SAFE and residents in Lawndale continue to work toward achieving a smoke-free living environment. "Most people want to live in a smoke-free environment," Schiller said. "We have a grant from the Los Angeles County Department of Public Health to provide this technical assistance. The county provides the survey and the analysis of the survey." •

Rep. Waxman Applauds West L.A. VA's Innovative Veterans Housing Program

WASHINGTON, DC— On September 25, Rep. Henry A. Waxman joined CalVet Secretary Peter J. Gravett, VA Greater Los Angeles Healthcare System Director Donna Beiter, LA County Supervisor Zev Yaroslavsky and CalVet and VA senior staff at the West Los Angeles VA Medical Facility as they announced the Veterans Transitional Housing Program, which will open up new beds for Los Angeles homeless veterans on the West LA VA campus.

Rep. Waxman's remarks:

I am delighted to join the US Department of Veterans Affairs and the California Department of Veterans Affairs as they announce an innovative collaboration called the Veterans Transitional Housing Program.

This program will take 84 empty beds in the State Home behind us and convert them into Domiciliary Independent Living Units. These beds have been set aside to house veterans that have been homeless and need services to prepare them for returning to the community. While they are living at the Home, they will be provided medical care, case management, employment services, and mental health care. The goal is to restore the veteran's health and well being so that they can reintegrate into our communities.

Veterans who will benefit from this program consist of those that have previously been homeless, have completed a VA program, and are now in need of continued services prior to returning to their communities. A full continuum of services will be provided

to the residents so that they may successfully transition.

I want to commend the federal and state governments for achieving this partnership. It required flexibility, leadership, and thinking outside of the box. As we all know, the formula is simple: identify veterans' needs and fill them. But too often we hear about the hurdles and explanations for why our veterans cannot be served

As we stand here today, I urge the federal and state departments of veterans affairs to develop other collaborations so that limited resources can be leveraged to their greatest extent.

As for my recent work, I was pleased this summer to secure a number of pledges from Secretary Shinseki to address homelessness in Los Angeles and I look forward to their swift implementation. Late last week, I lead and sent a California delegation letter to Governor Brown urging him to sign a critical bill that will shift 600 million dollars into a fund to provide multifamily housing to veterans. I also wrote to Secretary Shinseki asking him to strongly consider accepting the recent court ruling so he can lead his agency into developing more collaboration like what we are seeing today. You can count on me to continue to monitor the VA to see that it delivers the full range of services our veterans have earned.

I want to congratulate the federal and state VAs again and commend them for this terrific program. •

With the spooky holiday approaching, we need to prepare some garlic to chase away the goblins and ghouls that may inhabit our souls!
I love garlic. Whether roasted, whole cloves or shaved as chips and fried, you can never have too much. The only time garlic is offensive is when it's raw or burned. To me, raw garlic almost has a burning flavor, and burned garlic is bitter. So you have to treat garlic with respect and cook it carefully.
Here is one of my favorite garlic recipes that is quick and easy.

The Chef

Roasted Garlic Cloves with Spinach, Tomatoes and Feta Cheese

1 cup whole, peeled fresh garlic cloves
1/4 cup olive oil. Set aside another 1/4 cup for later
1/2 teaspoon kosher salt and coarse ground black pepper
1/2 cup finely diced red onions
2 cups large, diced fresh tomatoes
1 pound spinach
1 cup shredded manglego cheese
Salt and pepper to taste

Mix together garlic, 1/4 cup of oil, salt and pepper. Place on a sheet pan and in a 350-degree oven for 20 minute, or till golden brown and soft to the touch.

In a hot sauté pan, sauté the onions in 1/4 cup of olive oil for 1 minute.

Add the tomatoes and roasted garlic and simmer for 2 minutes

Add the spinach and wilt together with the tomato mixture.

Check your seasonings, and serve with the cheese on top. Live, love, laugh. •

Pets Without Partners

Adopt a “pet without a partner” and give a homeless pet a second chance in life.

Rocky is such a nice dog, our vet was even eyeballing him. He is a true gem --two

Rocky

years old and weighs 54 pounds. Rocky is excellent on a leash and will sit and lie down on command. He rides wonderfully in the car and has great play manners with other dogs. Rocky is housebroken and will make a fantastic addition to any home situation. He loves everyone he meets and his undocked tail gets to wag, wag, wag. This boy has a fantastic personality, and people are drawn to him when they meet him. Finding him a home is a pleasure for us! If you have children, we would like them to be over the age of five, thank you. Rocky is neutered, current on vaccinations, de-wormed, microchipped and fine with other dogs.

The circumstance behind a pet’s abandonment is often a mystery. This one was known, and this is Mimosa’s story.

For a week, Mimosa sat patiently waiting on the doorstep, believing that his human caregiver would return. But she had left Mimosa behind when she moved, making no provisions for him. The neighbors did not want to take the responsibility for him and the landlord had issued the ultimatum that if Mimosa was not gone in the week, the county animal control would be called.

A friend of Mimosa’s irresponsible owner contacted Kitten Rescue, asking if there was a nearby feeding station for feral cats at which Mimosa could live and eat. He told the Kitten Rescue volunteer that Mimosa could probably find “stuff” to eat in a dumpster until then.

old. He weighs 67 pounds. This is a really friendly, fun-loving dog. It is apparent that he has been a “yard dog” his entire life because he lacks in the “manners” department. He can sit and lie down on command, but the person who takes this boy will need to have some time to train and show him the way. His foster family is getting him off to a good start, but he will need a basic obedience class and constant supervision until he understands what is expected of him. He is a very quick learner and eager to please. Jimmy loves tennis balls and he loves to play fetch--his tennis balls keep him entertained for hours, and he retrieves well. He would much rather play with you than another dog. He is, however, good with other dogs. Jimmy is simply focused on his human and takes direction and correction extremely well. His capabilities are endless, providing he finds an adoptive family that has the time to invest from the start. Children need to be over seven years old, please. Jimmy Choo is neutered, current on vaccinations, de-wormed and microchipped.

Purrrfect Companions

Tuxedo Day is Saturday, Oct. 5! All Tuxedo kitties adopted through Kitten Rescue that day will have an adoption fee of only \$20. This special event will be at

Cleo

the PetSmart, 11250 West Olympic Blvd., Los Angeles, from noon to 4:00 p.m. Meet our kitties dressed in their best, or come to one of our other adoption locations to meet other cats and kittens of all colors and sizes.

Cleo is a gorgeous, fluffy, white kitty with light gold ears and pretty blue eyes and resembles a flame-point Siamese--she is a year old. With her beautiful plume of a tail, she is a girly kitty. Cleo has a great purr and adores petting. She is fine with other kitties and doesn’t really mind small dogs. Her mom was a feral cat, but her foster parents knew that a life in the wild would not do for a sweet girl like Cleo. They have taken wonderful care of her

and she is deserving of a new home of her own.

Charlie is the sweetest cat. He loves chillin’ out and bonds quickly with people. Charlie is content sitting next to you, watching TV, likes listening to people play guitar or piano and will follow you around the house like a dog. He has such a unique personality – he’s contemplative, looking out the window or rolling around on his back to look at the shadows on the ceiling. This soulful one-year-old boy seems to ponder life on a philosophical level. He gets along great with other friendly pets and has zero behavioral issues. Charlie is waiting to meet you and eager to get a home of his own!

These kittens/cats are available for adoption through Kitten Rescue, one of the largest cat rescue groups in Southern California. All of our kitties are spayed/neutered, microchipped, tested for FeLV and FIV, de-wormed and current on their vaccinations. For additional information and to see our other kitties, please check our website at www.kittenrescue.org, or email us at mail@kittenrescue.org. Your tax-deductible donations for the rescue and care of our cats and kittens can be made through our website or by sending a check payable to Kitten Rescue, 914 Westwood Boulevard, #583, Los Angeles, CA 90024.

On Saturdays, we have adoptions from noon to 3 p.m. in Westchester at 8655 Lincoln Boulevard, just south of Manchester Avenue, and also in Mar Vista at 3860 Centinela Avenue, just south of Venice Boulevard. Our website lists additional adoption sites and directions to each location.

Be kind. Save a life. Support animal rescue. •

Charlie

be nice. As the volunteer started to check for the possible adoptees, she received an email for an urgent situation in which a cat needed

an immediate foster home. As she read more of the details, she could scarcely believe what she was seeing – a big, handsome, friendly boy – an *orange Tabby!*

So Mimosa and his new family were purr-fectly matched. Mimosa has quickly

made himself at home. He enjoys his days watching the squirrels on the patio, following the husband throughout the house, together watching all the football games on TV, and at night, sleeping contentedly on the foot of their bed. His new family says repeatedly how much they already love this big boy and are happy that he is in their lives.

Every person who encountered Mimosa on his journey was touched by his friendly, mellow persona and his grateful, loving demeanor. It seemed Mimosa knew he had been rescued and would never again be left behind or forgotten.

When you adopt a “pet without a partner,” you will forever make a difference in their life and they are sure to make a difference in yours. •
