## City Accommodates Fire Evacuees

By Rob McCarthy

Like a good neighbor, El Segundo wants to be there for people displaced by the Los Angeles County wildfires.

The City Council on Tuesday approved a temporary order allowing El Segundo residents to host families or friends with recreational vehicles in the immediate aftermath of the Pacific Palisades wildfire. The Palisades blaze started on January 7 and chased tens of thousands of residents from their homes and apartment buildings. Los Angeles officials estimate that 7,000 structures were destroyed or damaged by the wind-driven flames in the hillsides lining Sunset Boulevard.

Guests of El Segundo residents may live out of recreational vehicles for up to 30 days under the emergency order issued by City Manager Darrell George and ratified this week by council members. Living in an RV parked on a public street is normally illegal under the City's no-camping laws. El Segundo suspended its ban against sleeping in RVs within city limits to open up short-term housing options for fire evacuees because of the surge in demand for hotel rooms in cities near the fire zone. Local news outlets reported Palisades and Malibu residents were lined up at hotels and motels as far away as Anaheim, trying to book rooms, not knowing when they could return to their homes.

Residents must apply for a no-fee, 30-day permit to host guests in RVs. The easing of restrictions on RVs will end on April 13, per the city manager's order. In a swift series of actions last week, the city manager's office issued the local order after Gov. Gavin Newsom declared the Los Angeles County fires an areawide emergency. Councilwoman Michelle Keldorf delivered the news of the order in a recorded broadcast posted on the City's web page.

Under the order, hosts may not charge their guests for stays in RVs. Generators, electrical cords across sidewalks, and dumping of waste tanks in the City's sewer system are forbidden despite the City's act of hospitality in this time of great need for so many Angelenos.

"The City of El Segundo stands with all of our fellow Angelenos affected by the devastating wildfires. During this challenging time, the City of El Segundo offers its support and has made temporary municipal code adjustments to support fire-relief efforts and assistance here in the City," Keldorf said, reading the order from a teleprompter at City Hall.

The extraordinary fire events have displaced Los Angeles residents who are scrambling to find homes and apartments for rent for

themselves and their pets. To accommodate fire evacuees staying in El Segundo's two extended-stay hotels, the City will waive its nightly bed tax for 90 days at those two properties. It's unknown how many people from the Palisades and Malibu areas are living temporarily in hotels and motels in the city.

A displaced individual is someone whose primary residence was destroyed or is inaccessible because of the recent fires or is located in a mandatory evacuation zone. Anyone experiencing these circumstances is eligible for the relief measures in El Segundo.

To increase the inventory of temporary housing, El Segundo officials will allow short-term rentals—aka Airbnbs—to be rented out for 90 consecutive days. That extension

# A Remarkable Stretch of Life

By Ron Sokol

We live in a region known as the South Bay. Specifically, it covers the southwest portion of Los Angeles County.

"So, it's part of Los Angeles?," my friend from Idaho asks.

"I don't think of it that way. We are more a stretch of life."

The name South Bay has to do with being south of the Santa Monica Bay.

We consist of sixteen cities, parts of the City of Los Angeles, and some parts of the unincorporated portion of Los Angeles County. The blue Pacific ocean is on our south and west. The fair City of Angels is on the north and east. We cover some twenty to thirty miles, and, bottom line, the South Bay is unique.

There are the beach cities, and include Torrance and El Segundo; the Palos Verdes Peninsula, which include Rolling Hills Estates and Rancho Palos Verdes; the Los Angeles neighborhoods, which include San Pedro and Westchester; the inland cities, which include Carson and Hawthorne; and the unincorporated portion, which includes Lennox and Alondra Park. Different geographies, different personalities if you will, each with its own bragging rights.

Among the particularly notable employers in the South Bay are the Port of Los Angeles, which is the busiest in the country; Northrop Grumman, the historic defense contractor; Space X, from satellites to rocket ships; Skechers, who doesn't love those shoes; and Mattel, ever hear of Barbie?

Let's also take a quick look at what is available here in the way of higher education: Loyola Marymount University; California State Dominguez Hills; El Camino College; Los Angeles Harbor College; UCLA South Bay; Southern California Regional Occupational Center; the University of West Los Angeles; and, the Otis College of Art and Design. Did I leave anyone out? If so, my bad.

Let's now add some of the amenities: Bike paths, skate parks, hiking opportunities, horseback riding, libraries, an abundance of restaurants, pubs, cafes, parlors, and bars. All kinds of markets, representing numerous nationalities. And, you can readily find ice cream, juices, smoothies, donuts, poke', tapas, yogurt, sushi, Korean barbecue, coffee, tea, sandwich shops, Chinese food, Vietnamese

food, Mexican food... I can't think of them all!

If I add cannabis dispensaries, am I going too far? Let me at least make sure to indicate there are quite a few pickleball courts today as well.

Actually, I am still leaving a lot out. We have excellent malls, including the Pointe in El Segundo and Del Amo in Torrance. We have lovely walk paths, not the least of which stretch from Manhattan Beach to Hermosa Beach, and the cool Glasgow walk path in Hawthorne. There are so many nice parks. All that and the Beach Boys monument, local airports, theaters, and countless stores, including Costco to mom-and-pop, Marshalls to Tommy Bahamas. Nordstroms to Goodwill. Car dealerships. Pharmacies. Dog parks. Horse trails. Hang gliding space. Boats. Fishing. Iconic piers, all are a part of the South Bay.

Urgent Care and some well-regarded hospitals are here as well. Animal shelters, soccer fields, baseball fields, football fields. SoFi Stadium, Intuit Dome, The Forum, and the Dignity Health Sports Park. Sound stages, studios, art galleries, nail salons, fitness centers, pilates, yoga and more.

Not surprisingly, the South Bay attracts many visitors; there's a lot to do, see, and take in. It is indeed a destination for many.

"All that is very nice, but the cost of living can be punishing in the South Bay. Idaho is much more affordable!"

"Well, yes, we worry about the prices for those who want in, particularly younger people. Rents are high. Home prices are high. I guess it is a downside of success. People want to reside in the South Bay, have their kids in school, get old, and thrive. Idaho has much going for it, no doubt about that. And, true, we have real concerns about earthquakes and fire, among other calamities. Still, we remain put for any number of reasons. There's a great diversity of persons in the South Bay from all walks of life. And, thankfully, many are managing."

The South Bay has a very storied history. Going back even a few centuries and coming forward, you will find: Explorers arriving on the coastline; historic battles fought over land ownership; court disputes about property taking years to conclude; large acreage that became ranchos; California becoming a state in 1850 after the Mexican-American War; a daughter of the Dominguez family

## Eagles Have a Week to Remember

Story and Photos by Gregg McMullin

The El Segundo Eagles had quite a week after a brief layoff due to the cancellation or rescheduling of games due to the recent wildfires. The teams began their new league schedules for the 2024-25 season and the new lineup of teams they'll be facing. The girls' water polo team faced some reality, while the basketball teams fell short and soccer teams showed promise.

With the restructuring and shuffling of schools into the new leagues, the Eagles will not have an easy task in winning league titles. El Segundo was placed in the Bay League for girls' water polo and boys' soccer. The new Pioneer League the Eagles are in will be a challenge, too. With the new lineup of teams, it'll be more competitive, and we'll see fewer blowouts.

### Water Polo Team Has a Busy Week

The Eagles had a busy week, playing four games in four days, including honoring their nine seniors prior to their last game. The Eagles, who had won five consecutive league titles, are finding out that winning a Bay League title may be a more daunting task. Of the four games they played, three were league matchups.

El Segundo played host to Peninsula, making it a rare lopsided 22-3 win. The Eagles put together a near perfect game plan that included a counter attack the Panthers could not stop. Evelyn Hale led the Eagles with eight goals. Ava Albertson was active with four goals, three assists and two steals. Valeria Mora scored two goals in the second half and Juliet Davis' to start the fourth period to make it 17-2. Ella Lynch helped inspire a defense that held the Panthers in check.

The Eagles then faced Mira Costa in a rescheduled game and came away with an exciting 9-8 comeback win. After a defensive-minded first period the only score came on Evelyn Hale's goal on an assist from Ava Albertson. In the second period, Hale was

awarded a penalty shot and scored to give her team a 3-1 lead. Mira Costa's Marian Catalina scored shortly before halftime to make it 3-2.

In the third period, it was a back-and-forth affair with plenty of action. Eagle goalie Kendall Donahue was hit with a rare exclusion, meaning Valeria Mora was inserted in goal and came away with a block as the Mustangs attacked the goal. Hale's break-away counter goal gave the Eagles a 6-5 lead going into the fourth period.

Mira Costa evened the score 6-6 on Samantha Allen's exclusion goal. Back to back goals by Emma McCracken gave the Mustangs their first lead making it 8-7 with 2:31 remaining. With time running down the Eagles set up Hale for a clear shot and she nailed it to tie the score. Then El Segundo's defense hounded the Mira Costa offense and Albertson scored after a steal with twenty-one seconds left to make it 9-8. The Mustangs got off a final shot attempt but Kendall Donahue went high for the block, her eleventh of the game, which gave the Eagles the win.

Prior to playing their final home game the Eagles honored their nine seniors on Senior Appreciation Day. The nine seniors included Celia Meza, Kendall Donahue, Sara Carroll, Romi McPherson, Josephine Rivera, Evelyn Hale, Ava Albertson, Ella Lynch and Valeria Mora.

The Eagles wind up their Bay League schedule at West Torrance on Tuesday and begin the Bay League Prelim Tournament today on the road.

### Compassionate Act Leads Basketball Team in Loss

The Southern California wild fires devastation affected all of us. For one El Segundo High School student, he wanted to do something and put his basketball talents aside. So, senior guard Darreson Naruse organized a collection drive to benefit those affected by the wildfires. The collection started at school and continued for fans attending the

North Torrance basketball game. They were asked to drop off their donations in the gym lobby, ranging from nonperishable items to clothing and hygiene products. The selfless generosity results were overwhelming, filling the lobby with those much needed items.

Prior to the game, there was a moment of silence for the victims and those affected by the wildfires. Then, members of El Segundo High School's choir sang a moving rendition of our National Anthem. It perfectly summed up a salute to the victims, the first responders, and our nation.

The Eagles had no answer for North Torrance guard Izayah Douglas. The diminutive guard poured in 27 points to lead the Saxons to a 52-40 win over the Eagles. Sure, the Eagles took the loss hard, but they never conceded until the final buzzer.

The Eagles are showing promise with their talented young team. Injuries have hit the team and have put them in an awkward position. Against the Saxons they were short-handed but senior guard Darreson Naruse kept his team in the game. He led the Eagles with 16 points, six rebounds and two assists. Liam Endo returned to the lineup after being sidelined for several games. The four-year guard was a welcome sight with his ball-handling and defensive skills; he scored five points and took the pressure off Naruse to advance the ball.

The Eagles faced the South Torrance Spartans and though the game was close in the second half the Spartans took control in the fourth period and won 71-61. The team, which won a Pioneer League title last season, is finding out that the reshuffling of teams in the Pioneer League has made it a more difficult task to repeat.

The loss to the Spartans dropped El Segundo to 1-3 in league play. With the league much more competitive, the Eagles were one game out of second place heading into this week's games against Torrance on Tuesday and West Torrance on Friday at 7 p.m.

### Lady Eagles Looking to Turn it Around

The Eagles started the season 13-2, easily one of the best starts in program history. But after losing consecutive Pioneer League games to Palos Verdes and South Torrance and dropping a non-league game to West Torrance, the Eagles' record dropped to 16-7.

Head coach Terrence Wilson says the mounting defeats can be traced to the constant turnovers against better teams. In the P.V. game, the Sea Kings scored nine of their 20 first-half points on turnovers.

Sofia Rozell continues her torrid scoring pace, leading the Eagles in scoring. She scored 18 points against Palos Verdes to lead all scorers. In the loss to South Torrance, she scored 21 points and grabbed five rebounds.

If the Eagles want to assure a spot in the CIF playoffs they'll need to turn it around against the teams that are in front of them. It starts with Torrance this past Tuesday against a Tartars team they battled earlier in the season. On Friday the Eagles host the DaVinci Wolves at 5:30 p.m. a team they have already defeated this season.

### Boys Soccer Looks to Bounce Back After Setback

When the Eagles were moved from the Pioneer League to the Bay League, they faced some of the top teams not only in the South Bay but also in the CIF Southern Section. The Eagles got by South Torrance 1-0 but fell to Palos Verdes 2-0 in two highly contested games.

Erik Fallon's second-half goal was all the Eagles needed to defeat South Torrance. The game was fast-paced and had plenty of field changes. The Eagles' stranglehold on defense prevented the Spartans from scoring.

The Eagles faced a physical Palos Verdes team, and the Sea Kings used their physicality in their 2-0 win. The Sea Kings controlled the first half and hounded El Segundo goalie Andre Sugden, but the junior turned back three

Kendall Donahue makes a game-winning save with 21 seconds remaining against Mira Costa.

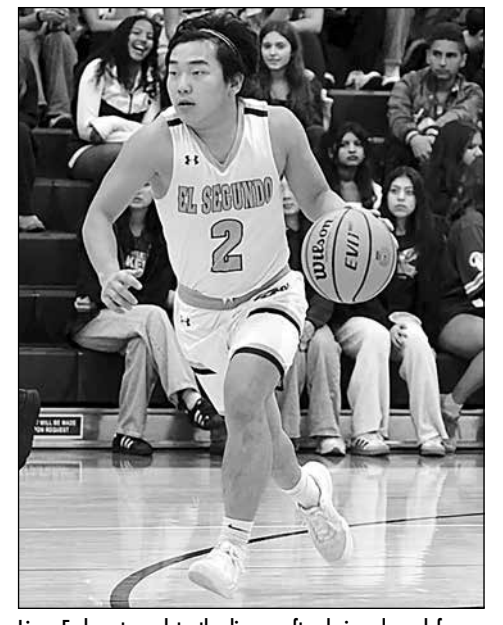

Evelyn Hale led the Eagles to an exciting 9-8 win over Mira Costa.

The ESHS girls' water polo program honored their nine seniors on Senior Appreciation Day.

Freshman guard Sofia Rozell has led the Eagles in scoring this season.

Liam Endo returned to the lineup after being cleared for an undisclosed injury.

### Percy Jackson and The Wrath of the Triple Goddess by Rick Riordan

By Kim Harris, El Segundo Middle School Library Assistant

*Percy Jackson: Wrath of the Triple Goddess* by Rick Riordan is the second book of a trilogy, The Senior Year Adventures. It is a middle grade fantasy and follows Percy's quest to get three letters of recommendation from the gods and goddesses so he can get into New Rome University. He and Annabeth are now seniors in high school and are filling out college applications. Percy got his first letter by retrieving Ganymede's chalice. For this letter of recommendation, the goddess Hecate asks Percy to babysit her mansion and her pets during Halloween. The task seems simple, and Percy asks his girlfriend Annabeth and best friend Grover to help him and stay in the mansion. The house is very strange and has numerous bathrooms that don't function as a bathroom as well as having an off limits library. Of course, nothing is as easy as it seems and Percy and company get into some new adventures.

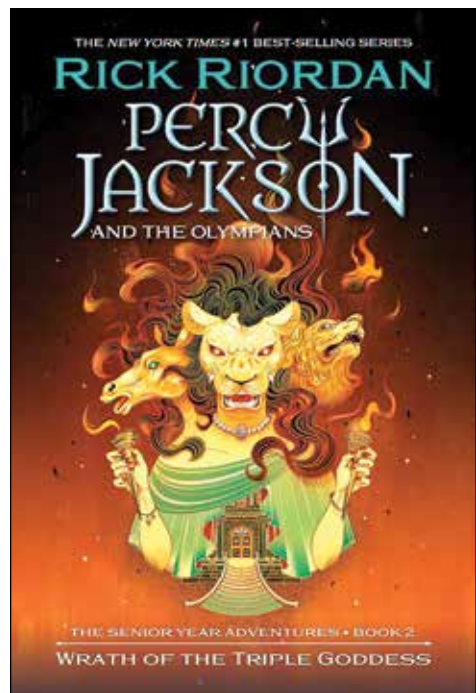

Percy is happy to babysit Hecate's pets because now they have a house to host a Halloween party. However, his plans immediately are put in jeopardy when Grover drinks a strawberry milkshake and turns into a giant house destroying goat who lets the pets loose. The dog and the cat aren't normal pets. Hecuba was a Roman mother who was turned into a hellhound by Hecate to help her deal with the loss of all of her children to war. Gale is a mortal witch who was turned into a polcat because she went up against Hecate and lost. When both escape, Percy goes into panic mode because

not only do they have to fix the house that is torn apart, they also have to find Hecuba and Gale who are roaming around New York City. Both pets are terrifying to mortals and cause major damage around the city.

Annabeth is the smartest of all of them and figures out that Hecuba is in the Greek section of New York and Gale is in the perfumery section. Percy first brings Hecuba back after shadow crossing and also finds a Hellhound puppy named Nope. The puppy helps Hecuba let go of some of her grief and return her to the mansion. Grover and Percy go after Gale, who was captured by naiad sisters and forced to make spell bound perfume. It was nice to see Percy get into the same type of adventures as he did in the first Olympian series. Do Percy and Grover capture Gale? How did their Halloween party go? Does the mansion get fixed before Hecate comes home? Read the book to find out!

I really like the Percy Jackson series and was happy to return to his world. Greek mythology fascinates me and I like reading about gods and goddesses that I'm not familiar with. Rick Riordan always includes ones that are popular along with obscure ones. He also includes glimpses into everyday life for Percy, not just adventures. I enjoyed reading what Percy does when he's not on a world saving mission or dealing with Greek and Roman gods. If you haven't read the series in a while, this is a good time to do so again! This is a great series for fantasy fans as well as reluctant readers. It was a fun read!

## Film Review

### Every Little Thing: Answering Nature's Call, One Hummingbird at a Time

By Morgan Rojas for Cinemacy

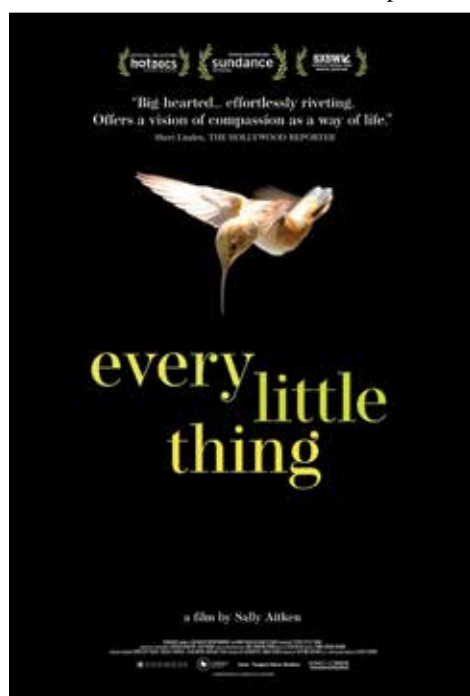

Sally Aitken's uplifting documentary *Every Little Thing* perfectly captures a feeling of hopefulness the world needs right now. Proving that small acts of kindness can make a big difference, the filmmaker turns her lens on Terry Masear, a hummingbird rehabilitator who dedicates her life to preserving the most vulnerable and smallest bird species. Having made its premiere at the 2024 Sundance Film Festival, *Every Little Thing* flies into the Laemmle's Monica Film Center this weekend with a national expansion to follow.

From the moment we meet Los Angeles resident Terry Masear, it's clear that she is living out her life's destiny. Terry is somewhat of a local legend in the birder community, known for the hummingbird rescue she runs out of her home. An empathetic and knowledgeable one-woman show, Terry is an expert at pinpointing the physical and emotional ailments of these small animals. Speaking directly to the camera with a tiny creature in her hand, Terry effortlessly showcases both her maternal instincts and intellectual prowess.

Throughout the film's hour-and-a-half runtime, Terry takes in and cares for a handful of birds she charmingly names "Larry Bird", "Cactus", and "Jimmy". Filmmaker Sally Aitken highlights the beauty and fragility of these animals by quietly observing Terry's compassion and empathy. However, like most nature documentaries, *Every Little Thing* doesn't shy away from showing the harsh realities of Mother Nature. Some moments are difficult to get through with dry eyes, yet every death is acknowledged with dignity and respect.

Terry's Hummingbird Rescue has been operational for over 20 years, making her the longest-practicing hummingbird rehabilitation expert in the country. *Every Little Thing* is based on Terry's best-selling book, *Fastest Things on Wings*. The documentary mirrors the book by intimately showing the triumphs and heartbreaks of rehabilitating orphaned and injured hummingbirds. Terry's impact has directly led to the increased health of the hummingbird population as well as enhanced their breeding and nesting practices.

If any movie can restore faith in humanity, it is *Every Little Thing*. This charming indie film acts as a beacon of light and goodwill. It offers space for genuine reflection and serves as a reminder that no act of kindness is too small. •

also will expire on April 13. Occupancy rules and the requirement that a short-term rental owner live on the property will remain in force, and the City will continue to collect the bed tax on the rentals. Extended stays will require a special permit from the city, it was decided.

Otherwise, the rules for short-term renters remain the same. Single-family homes are limited to six guests, with no more than two people per bedroom. Guests may park in the owner's garage or driveway or on the street. Short-term guests are limited to one vehicle per bedroom to ease parking congestion for full-time residents. At the suggestion of Councilman Drew Boyles, the council reserved the option to end the RV occupancy exemption after 30 days if residents aren't using it.

Keeping with the local health emergency order declared for Los Angeles County, El Segundo residents are reminded that leaf or air blowers are banned until further notice. According to Public Health, these devices stir up ash and harmful particles, worsening air quality and increasing health risks. To report concerns or violators, residents may contact

Environmental Health at (888) 700-9995 (Monday through Friday, 8 a.m. to 5 p.m.) or email [ehmail@ph.lacounty.gov](mailto:ehmail@ph.lacounty.gov).

drivers a three-day reprieve to accommodate people who worked from home or stayed indoors because of the poor air quality caused by the wildfire smoke visible from El Segundo.

In a separate action, the council decided to buy a ladder truck for the City's fire department. The new Pierce ladder truck gives the department firefighting capabilities for maximum risks to the Chevron refinery or the multi-story Park Vista senior apartment, the council was told. With the purchase of the new ladder truck, the city will spend \$1.99 million to get 20 years of service from the vehicle. Once the Pierce ladder truck arrives, the department plans to keep a 2014 ladder truck as a backup for another five years. The ladder truck has a three-person crew, responds to traffic collisions, and carries jaws of life equipment. The specialty vehicle can perform heavy lifting using the ladder apparatus.

### In other action:

- New members have been selected to serve terms on the City's Arts and Culture Committee and Diversity, Equity, and Inclusion. The 11-member Arts and Culture Advisory Committee advises the City Council about

arts and culture and events and assists with planning and delivering public art programs and events. Elizabeth Kennedy, Michele Leach, Jason Haffley, and Nicole LaSasso will join the advisory panel, which meets monthly. Their terms will expire in June 2027, except for Kennedy, who is replacing a member whose term was due to end in mid-2026. Panelists must be residents or students in El Segundo.

The nine-member DEI committee was formed in 2020 to advise city leaders about issues, including local policing and city government operations. The new appointees are Christibelle Villena, Emily Atmore, and Allison Mitrovich. Their terms will expire in October 2027. Two members of the committee represent the El Segundo Unified School District.

- The City Council declined to change its pension fund investment strategy for 2025, voting down a proposal to make changes or consider investing in cryptocurrencies.

Council members agreed that the city will continue to support legislation in 2025 for air-quality protection and oppose unfunded mandates on cities by Los Angeles County. •

### Creamy Tortellini Asparagus

Provided by Campbells Soup Corp.

Craving something effortlessly elegant for dinner tonight? Then you'll love everything about this Creamy Tortellini recipe, starting with the fact that it uses only five ingredients and it's on the table in 25 minutes. The creamy sauce perfectly highlights the tortellini and asparagus, and a finish of crumbled bacon makes it extra delicious. Not only does this easy weekday meal feel like a weekend treat, cleanup is a breeze- you make everything right in the same skillet.

#### Ingredients

- 1 can (10.5 ounces) Campbell's® Condensed Cream of Mushroom Soup
- 1 carton (32 ounces) Swanson® Natural Goodness® Chicken Broth
- 1 1/2 pounds asparagus, trimmed and cut into 1 1/2-inch pieces (about 5 cups)
- 16 ounces uncooked refrigerated cheese tortellini
- 4 strips bacon, cooked and crumbled (about 1/4 cup)

Send us a photo and recipe of your favorite dish. We'd love to share it with the community. Send to: [web@heraldpublications.com](mailto:web@heraldpublications.com)

#### Directions

- **Step 1:** Heat the soup and broth in a 12-inch skillet over medium-high heat to a boil. Stir in the asparagus and cook for 5 minutes.
- **Step 2:** Add in the tortellini and cook for an additional 3 to 5 minutes, stirring occasionally, until the tortellini is tender, the asparagus is easily pierced with a knife, and the soup mixture is thickened.
- **Step 3:** Stir in the bacon. Season to taste. Season with cracked black pepper, if desired. Serve in shallow bowls.

#### Tips

- **How to choose asparagus:** When choosing fresh asparagus, look for spears that are firm (should feel like they will snap if you bend them) and tips that are tightly closed and not mushy. Thick or thin spears are really a matter of preference, with thin tending to be more tender. Just make sure that you trim the bottoms if they are dried out or woody.

The Eagles defeated the Peninsula Panthers on a goal by freshman forward Emma Rubio. It was a defensive struggle that the

back line of Nyla Cho, Shelby Jackson, and Kailey Keith controlled. The Eagles had their share of opportunities to score. Nyla Cho's shot caromed off the top post and had another saved, while Jade Van Kleek had one blocked, and Ava Gutierrez had one go off

the right side post.

El Segundo improved to 2-1 in the Pioneer League and in second place. With games against Da Vinci last Tuesday and on the road with Peninsula next Tuesday, the Eagles are still in contention for a league title. •

marrying a successful businessman named George Henry Carson whose son became the namesake of the City of Carson we know today; the coastal tract sold in 1889 to the Redondo Beach Improvement Company; the advent of George Bixby who came to lease land to farmers at the turn of the twentieth century, later selling significant portions of

the land; then in time the development and flourishing of the vital aerospace industry; all of which have been part of sculpting this remarkable territory. This stretch of life.

The South Bay, indeed, is an impressive part of the planet.

Research indicates "the South Bay area is likely around 450,000 to 500,000 people..."

Given there are millions upon millions in Los Angeles County alone, the South Bay is not very large. I would say we are a manageable family.

The South Bay family where no one in particular is at the head of the table, but where we grow up, or to where we migrated, and in time grow wiser (hopefully), and remember

to count our many blessings.

You and I are part of the South Bay history being made today. The baton has been passed to us. Yet, the finish line is nowhere to be found. We will never be done getting better. We will never be done marveling at life. We are South Bay proud. A remarkable stretch of life. •
