Congresswoman and Students Plant Urban Ecology Garden At Lennox Academy

Congresswoman Maxine Waters (D-CA) joined students at Lennox Math, Science & Technology Academy in Lennox in planting the first seedlings in their new urban ecology garden. The garden will be maintained and harvested by students in the school's urban ecology program, which was developed by Loyola Marymount University's Center for Urban Resilience and Ecological Solutions. While at Lennox Academy, Congresswoman Waters also announced on behalf of LMU that it has donated 30 reconditioned computers to assist with student research. Photo courtesy of Vicente Perez Jr.

Community Volunteers Plea with Council to Support Measure GG

By Cristian Vasquez

More than 10 volunteers from the Citizens for Inglewood Excellence in Education attended the Inglewood City Council meeting seeking the support and endorsement from the entire group for Measure GG. If approved, Measure GG will authorize the Board of Trustees of the Inglewood Unified School District to issue general obligation bonds for \$90 million.

"The Citizens for Inglewood Excellence in Education is a group of community members that got together around Measure GG. When we got word about it, we [coworkers] decided to come out," Derek Steele said. "We work at a local nonprofit trying to improve the city [Social Justice Learning Institute] and when we found out what was going on, we decided to volunteer our time to help get the word out about what is going on. Local bond measures are not the sexiest thing to campaign about and it is hard to get volunteers to come out, so we gave our time."

Information on www.smartvoter.org stated that the best estimate of the highest tax required to fund the bond is \$44 per \$100,000 of taxable property within the district. If approved, the funds raised by the measure would be set aside for the specific purpose of upgrading facilities to provide better accessibility for disabled persons; upgrading and replacing buildings, signage and bells; removing and repairing rot; and repairing or installing new fire alarm systems, just to name a few of the infrastructural repairs the city's 22 schools need.

"Enrollment is going down and the failing facilities are a major problem. There are campuses like Inglewood High School that have not received more than a paint job in more than 25 years," Steele said. "Morningside High School had a state-of-the art electrical

system in 1947--it is 2012. There is a Citizen Oversight Committee that has a say in what projects get green-lighted. This money is not going to teachers. It is not going to the general fund. It is specifically going to improve the facilities and the district."

Many of the volunteers involved with the grassroots effort to gain support for Measure GG are current high school students who shared their daily experiences with the Council. "Being an explorer [with the fire department], I want to talk about the health and safety issues involved," Dylan Gray, junior at Morningside High School, said. "There is rust and sludge at the water fountains. When water comes out, the water is discolored and brown. Our bathrooms are filthy and even today when I went to the bathroom, there was a urinal missing. That is evidence that our facilities need to be updated. Personally, I don't drink from the water fountains because of the water that comes out of it."

The students and volunteers who attended the meeting believe that having such dilapidated facilities has a negative impact on the morale of the students. "When other schools come visit our school, they ask questions. They ask, 'Why can't we play at your school?' Or, 'Why don't you drink from the water fountain?'" said 17-year-old Sherman Stazey. "Then someone once told me not to complain about it and to actually fix it. So I am helping to fix my community. I want Morningside to be a better school for the next class and for the next generation. I am just trying to help."

Even though these students aren't of the legal age to vote, they believe that their actions matter just as much as going out to the polls. "My thoughts on what we did today are that it was very successful because

when Derek [Steele] told us about it this in class, I was like, 'Is that what is going on in our community? I really want to step up and do something.' Plus, it involves my school and it involves my community," Terrell Lewis, junior at Morningside High School and member of Black Male Youth Academy's Urban Scholars program, said. "Having a younger man who can't vote come out and say that people should go out and vote, I hope that it does motivate people. This will be a good thing for our younger generation coming up. We really need the things that we have been talking about that are associated with Measure GG."

Evan Johnson, a Morningside graduate, believes the effort behind Measure GG will benefit not just future students, but also those who have already graduated from an Inglewood school. "This is very important to me because when I was going to Morningside, I was tired of people always talking about how bad our school was or how bad our school looked," Johnson said. "I was tired of having that feeling when I walked in and I looked and thought to myself, 'This is really my school.' I really want to make a difference and change that. For some of us, our parents did not go to college, so we are trying to make a change and do better than our parents. Even though I graduated, I want my other friends who are still in 11th grade and who are seniors who want to go to college and better themselves to have that opportunity"

None of the Council members, nor the Mayor, commented immediately after the group made its plea. However, Steele says he has received support for the measure from Council members Eloy Morales, Jr. and Ralph Franklin in addition to support from State leaders.

News for the City of Good Neighbors

From City Clerk Norb Hubert Mail In Ballots

A Sad Week in Hawthorne

The local news was not good last week. Fili Lamas, a co-owner of Chips restaurant in Hawthorne died Saturday trying to shield his children from a gunman's bullets inside their Inglewood home. Fili was active in the Hawthorne community. Since taking ownership of Chips he had donated his services to city functions and catered several breakfasts. The community has come out to support his widow and family of Fili. There are two special memorial accounts set up in which Hawthorne citizens can donate to. This sad news was combined with the District Attorney's decision to press charges against our mayor, Daniel Juarez. The DA's office charged Juarez with the acceptance of campaign funds and not reporting it. The combination of these events made for a sad week of news in Hawthorne.

Welcome Back to Our New City Manager

Mike Goodson was appointed new city manager at a special Hawthorne city council that took place on Friday, Oct. 12. Goodson was the Planning Director for the city prior to departing in 2002. He was selected from a pool of seventy applicants. His background in city planning and economic development was one of the qualities that set him apart from the other candidates. We look forward to Goodson's leadership as we look to support businesses and increase employment opportunities for Hawthorne residents. Our unemployment rates continue to be some of the highest in the South Bay. A lot of good people want to work. We need to find ways to turn our economy around to give these people a job.

The "Holiday Season"

When does the "holiday season" officially begin? It all depends on how you look at things. Some can say that the entire fall season is one long holiday season. Costco had its Christmas decorations for sale in August. More and more people are decorating their houses for Halloween. Veterans Day is coming up soon. The weather is finally changing from hot, humid, summer-like days to more like Fall football temperatures. Harvest festivals are being held. Thanksgiving turkey dinners are on the way. Our community BBQ dinner last week was an effort to raise money for the upcoming holiday basket drive to feed the needy families in Hawthorne. It's a busy season, but one full of fun events.

Hawthorne's Hometown Holiday Celebration - Saturday, December 1

The Hawthorne Historical Society is sponsoring a Hometown Holiday Celebration on Saturday, December 1 from 4 p.m. to 7 p.m. at the Civic Center. If you or your business would like to participate, please contact Norb Huber at norbhuber@gmail.com. We expect Santa to arrive to greet all the kids, lights to be lit on the surrounding trees, and music played and sung by Hawthorne groups.

A Great Moment in American History - 50 years ago this week

On October 22, 1962, President John F. Kennedy appeared on television to inform Americans that U.S. spy planes had uncovered a "clandestine, reckless, and provocative threat to world peace"—Soviet missile sites in Cuba, under construction but nearly complete, that could soon house nuclear missiles capable of striking the United States. Kennedy demanded the missiles' removal and announced

IMPROVE NATIONAL SECURITY

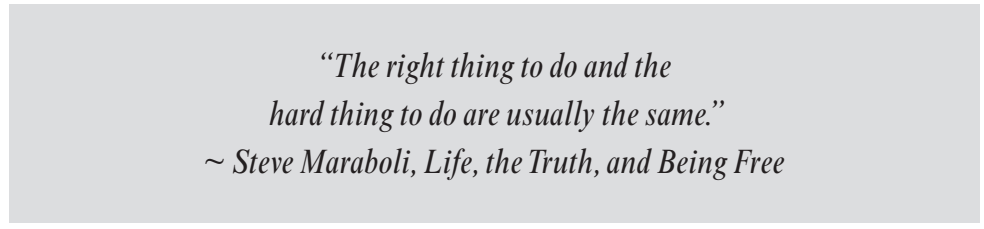

50 years ago this week, the world woke up to a crisis that brought the United States and the Soviet Union to the brink of a cataclysmic nuclear war.

Today, the U.S. continues to have over 5,000 nuclear weapons and five additional countries have become nuclear weapon states since 1962. Our current strategy is not working. We need bold action to move the world towards the elimination of these deadly weapons.

Only through mutual, verifiable reductions in nuclear weapons can we begin to reduce the nuclear weapons threat.

Secretary of Defense, under John F. Kennedy and Lyndon Johnson, Robert McNamara remarked that all that prevented nuclear war during the Cuban Missile Crisis was luck. A National Security policy based on luck alone is not a wise strategy for this country or the world.

Sents Rout Hawthorne; Set Stage for Showdown

By Joe Snyder

Inglewood High's football team upped its Ocean League record to 3-0 by rolling over host Hawthorne 45-6 last Friday. The win set the stage for a league showdown at home against Santa Monica (5-3 overall, 3-0 in league) Friday at 7 p.m. The Vikings remained unbeaten in Ocean play with a key 17-3 home win over Culver City last Friday. A week earlier, the Sentinels topped the Centaurs 12-9 at Coleman Stadium.

Hawthorne, which fell to 1-7 overall, started off well and inspired for an upset win over Inglewood, which is keyed by Cougar transfer quarterback Rickie Calderon. Quarterback Paul Fuller tossed a 10-yard touchdown pass to wide receiver Erik Scott-Davis to give Hawthorne

a 6-0 lead with 4:11 left in the first quarter.

The Cougars continued to lead until the Sentinels tied the game at six on a one-yard run by Treavon Benton. From there, it was all Inglewood as it rolled to a 20-6 halftime lead and then continued to pour it on Hawthorne from there.

The Sentinels took the lead for good with 3:09 remaining before halftime when Calderon threw his first of four touchdown passes to Terrance Harvey from 32 yards out. Inglewood led 20-6 with 29 seconds to go before intermission on an eight-yard TD pass from Calderon to Damien Hamilton.

Calderon and company were only warming up as they finished off the Cougars with 25 more unanswered points. On the Sents' first possession of the second half, they drove 78 yards in seven plays, capped by Calderon's 18-yard scoring pass to Jenaeth Johnson. With 2:10 remaining before the end of the third quarter, Calderon found Zaire Andre for a 34-yard touchdown, giving Inglewood a 35-6 bulge. A 28-yard field goal and a 65-yard punt return by Andre finished off the scoring for the Sentinels.

"It was not easy," Calderon, who transferred to Inglewood from Hawthorne over the summer after Joseph Kanach (who recently resigned midway in the season as head football coach at Alhambra High) stepped down after last season's 5-5 slate, said. "We played our game. We're getting ready for Santa Monica." Calderon had an outstanding game against his former team that is for the third time under head mentor James Swain, completing 19 of 24 passes for 269 yards and four TDs.

Defensively, Inglewood held Hawthorne to just 102 total yards on offense, including 34 passing and 68 on the ground. "We must play hard for a win," Swain said. "We must take care of the ball. We kind of shocked ourselves for a little bit. Inglewood has very good athletes."

The Cougars will have their best shot at a league win as they visit a young and inexperienced Beverly Hills team, also 1-7 overall and 0-3 in league, Friday at 7 p.m.

Morningside Blanks Normans

Morningside High's football team increased its Ocean League record to 2-1 and overall

mark to 5-3 by shutting out Beverly Hills 14-0 last Friday at Coleman Stadium. It was the Monarchs' second consecutive shutout, a week after blanking host Hawthorne 20-0. Morningside head coach Sheron Butler credited Caleb Smithy, Travon Agee and Javon Payne to aid its defense in shutting out the Normans.

After a scoreless first half, the Monarchs got on the scoreboard when quarterback Justin Lewis found Ashton Crosswell for a 46-yard touchdown. The second Morningside TD came in the fourth period on a 15-yard run by Gregory Adams.

The Monarchs hope to keep their playoff hopes alive as they host Culver City tonight at 7 p.m. The Centaurs, who are league powers, are only 1-2 in Ocean play after back-to-back losses to co-leaders Inglewood (12-9 on October 12) and Santa Monica (17-3 last Friday).

Leuzinger Plays Well Despite Loss

Leuzinger High's football team continues to struggle in the Bay League after a 45-26 homecoming loss to Redondo, but showed signs of progress after back-to-back blowout losses to Palos Verdes and Rolling Hills Estates Peninsula in the previous two games. In the early going the Olympians stayed with the Sea Hawks and were only down

7-6 in the first quarter, but Redondo, which improved to 3-0 in the Bay League entering Saturday's showdown at home against P.V., reeled off 28 unanswered points to pull out to a 35-6 lead late in the second quarter.

Leuzinger had a fine game from the passing combination of quarterback Lua Kalolo and wide receiver Jamari White, who connected for touchdowns of 11, five and six yards. Kalolo also had a nine-yard TD run. Redondo continued to be led by running back Anthony Philyaw, who rushed for 213 yards and four touchdowns on 10 carries.

The Olympians (1-7, 0-3) visit Mira Costa Friday at 7 p.m. The Mustangs improved to 2-1 in league and 5-3 overall with a 42-28 homecoming win over Peninsula last Friday.

South Blanks Lawndale

Lawndale High's football team is winless in three Pioneer League games after a 21-0 shutout loss to host South Torrance last Friday. The best the Cardinals (3-5 overall) did was from quarterback Anthony Chatman, who had 150 total yards (56 rushing and 94 passing). The Spartans (4-4, 1-2) were led by Ryan Bowman who ran for 206 yards and three touchdowns on 27 carries.

Lawndale hosts Torrance, which topped Compton Centennial 21-12 last Friday at Torrance, Friday at 7 p.m. •

Inglewood quarterback Rickie Calderon prepares to pass in last Friday's Ocean League football game against Hawthorne. The Sentinels routed the Cougars 45-6. Inglewood hosts Santa Monica in a league showdown Friday at 7 p.m.

El Camino College Looks to Bond Measure to Shore Up Aging Facilities

By Brian Simon

El Camino College officials hope district voters will give the go-ahead on November 6 to a \$350 million bond measure to replace and renovate many of the campus' aging buildings. According to the bond information flyer, Measure E monies "will be used to make safety, technology and energy-saving improvements to classrooms, labs and other instructional facilities." The list of projects for the Torrance-based campus includes expanding science labs, upgrading outdated electrical systems and wiring, improving facilities for veterans, enhancing training facilities for nurses and firefighters, adding classrooms and improving site accessibility and safety. By conforming to California green building standards and promoting environmental responsibility, El Camino expects to save \$1 million annually in energy, water usage, maintenance and operating costs.

The proposed bond comes a decade after El Camino's successful \$395 million initiative in 2002 also called Measure E. College officials describe the new measure as a "bond extension" to complete the upgrades needed at the campus that opened in 1947. "Many of our buildings and facilities are more than 50 years old now—some are nearly 65 years old," said El Camino Superintendent/President Thomas M. Fallo. "They have been well-maintained, but like any structures of that age, they need repairs and renovations."

Projects completed from the first bond include a renovated science complex, electrical/fire alarm upgrades, new humanities building, new central plant, new learning resources center, new parking structure, remodeled bookstore and conference center, and a renovated social science building. Projects still in progress include a new STEM center, fire academy repaving, industry and technology building modernization, new shops Building, new kinesiology and fitness complex, parking lot F retrofitting and additional third level, new computer server room, restroom accessibility renovations, parking lot lighting and security upgrade and electrical and data conversion.

The bulk of the new bond monies would go towards replacing the kinesiology and fitness complex, counseling and student activities center, administration functions building, and music theater and arts complex. Renovations of the library and Marsee auditorium are also planned. The projects are part of the college's Facilities Master Plan that provides a long-range forecast for enrollment and changing student needs.

The State requires a 55 percent majority vote for the bond to pass. The first Measure

E garnered 62 percent, making Fallo hopeful for an encore. "The people of the South Bay have really supported El Camino through the years with recognition and understanding," he said.

That recognition factor is off the charts when you consider the results from a recent poll of 700 voters in the district. "In the survey, 99 percent of the people said they had some association with El Camino—either through taking a class themselves or having a child or relative go there, or attending a performance," said El Camino Community Relations Director Ann Garten. "The pollster had never seen anything like it." The survey also indicated an El Camino favorable approval rating of 83 percent, with 68 percent of respondents saying they would support a bond extension (60 percent with knowledge of a tax increase). If passed, the bond will cost district homeowners \$7 per \$100,000 of assessed valuation on their properties. The original bond has fluctuated between \$16 and \$19 of assessed valuation, making a potential combined total of approximately \$26 per \$100,000 from the two measures. If the new measure passes, El Camino would still only be in about the middle of the pack in bonded indebtedness compared with the other dozen community college districts in Southern California.

An independent Citizens' Oversight Committee, in place since 2002, would continue to oversee the audited disbursement of the bond monies and keep the public informed of revenues. By law, funds from any proposed bond can only be spent on buildings, classrooms and instructional equipment. The funds cannot go towards administrator pensions or salaries and notably cannot be taken away by those folks up in Sacramento.

El Camino's current enrollment of 25,000 is down a bit from past years due to reduced State funding. "We're down close to 10 percent in funding and closer to 20 percent in classes we've offered," said Fallo. Garten elaborated further. "Giving us less money is telling us to educate fewer students since you have to offer fewer courses," she explained. "But the key is that if you are graduating from a high school in the district, you will get early registration priority."

El Camino's district includes El Segundo, Hawthorne, Hermosa Beach, Inglewood, Lawndale, Lennox, Manhattan Beach, Redondo Beach and Torrance, though the campus is open access and available to students outside of those communities. That said, the percentage of new graduates who enroll at El Camino in fall semesters is unusually high compared to other community colleges. Forty percent of

new graduates move on to El Camino from Hawthorne, Redondo Beach and Torrance high schools, for example. The other South Bay cities range from 15 to 35 percent. El Camino also reports the state's number one transfer admission rate to UCLA and third highest to USC, as well as top 10 rankings in transfers to University of California (UC) and California State (CS) schools. At the same time, the costs to attend UC and CS systems have become increasingly prohibitive, leading students to rely on El Camino more than ever as a viable and affordable academic alternative.

Opponents of Measure E contend that the bond will only fund construction projects and not classroom instruction, faculty salaries or job training. In their argument against the initiative, they note that the number of available classes at El Camino has been cut by 20 percent, academic counseling staff is also down 10 percent, and tuition there has doubled in the past three years. The opponents describe the

bond as "another blank check for wasteful spending at a time when many are struggling financially." In their rebuttal, bond supporters emphasize that other college systems are still six times the cost of El Camino and that voting yes on E "ensures that students can effectively prepare for transfer to four-year universities by updating outdated classrooms, buildings and technology."

Fallo pointed out that El Camino--like virtually every other academic institution in California--continues to suffer the consequences of the State's beleaguered finances. "The funding cuts have hurt class offerings across the board," he said. "The bond updates are critical to prepare students for university transfer or entry to a successful career."

Garten added, "We're replacing buildings that weren't funded in 2002, that are more than 50 and 60 years old and bringing them up to date with new equipment. There's always a constant need." •

by Chef Shafer

With Halloween just around the corner I thought it would be cool to make a pumpkin brown rice and bacon risotto.

Now classically risottos are made with Italian rice called Arborio. It is a round almost pearl shaped rice. In Italy risotto is served as a primi or first course. It's the method of cooking the rice by adding broth till it reaches a creamy consistency that makes it such special dish. It then can be flavored any way you wish with different cheeses or different flavored broths or herbs.

But in today's kitchen risotto has become a cooking method more than an actual dish. Now you'll see on menus corn risottos, potato risottos, and grain risottos.

Here is my pumpkin risotto.

Notice to Potential Bidders If you are considering bidding on this property lien, you should understand that there are risks involved in bidding at a Trustee auction. You will be bidding on a lien, not on the property itself. Placing the highest bid at a Trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. The law requires that information about Trustee Sale postponements be made available to you and to the public, as a courtesy to those not present at the sale. If you wish to learn whether your sale date has been postponed, and, if applicable, the rescheduled time and date for the sale of this property, you may call Auction.com at 800.280.2832 for information regarding the Trustee's Sale or visit the Internet Web site address on the previous page for information regarding the sale of this property, using the file number assigned to this case, CA09005734-11-1. Boomers: Shifting Household Needs Create Home Design Opportunities

(ARA) - Boomers expect to stay in their homes and live independently into their later years, but in the midst of change that is occurring in their households, it's easy for them to lose focus on planning for their own future housing needs.

New research by The Hartford shows that 40 percent of boomers have experienced or anticipate experiencing family member changes in and out of the home, mostly related to their children. However, 70 percent of boomers have not made design changes to their living space, perhaps due to the fact that they don't know if their children will move back home, notes Jodi Olshevski, gerontologist at The Hartford. Changes that increase your home's livability allow you to stay in your home longer and make living easy for people of all ages, sizes and abilities.

"Most of us want to stay in our homes as we age, which often requires making the design choices to help us do that," says Olshevski. Moving, remodeling or simply redecorating, all present opportunities to incorporate design factors that make your home comfortable and safe for everyone you care about, from small children to older individuals. While a life transition might cause you to halt your plans for improvements, Olshevski recommends taking the opposite approach. By following the principles of universal design - what's good for people of all ages, sizes and abilities - you can make sure your home is more livable across your lifetime, and can stand up to any life changes that come your way.

Olshevski recommends concentrating on three design elements in order to accommodate changing needs over a lifetime:

* **Adaptability.** Is your home flexible and functional for family and friends now and in the future? For example, if you're installing a new bathroom sink, you might consider storage space in the cabinet underneath. You may also want to make sure the cabinet opening is at least 36 inches wide, which allows a wheel chair to slide in between the doors when open and makes the sink accessible to all. Or, if you're installing new kitchen countertops, think about choosing a design with multiple heights to increase flexibility and comfort for things such as standing for food preparation or sitting to check for recipes on the computer.

* **Ease.** Any components you add to your home should be easy to use. For example, improvements like pull-out drawers for easy access in kitchens and bathrooms can help make reaching for items easier. If you're replacing door handles or faucets, opt for lever style handles that are easier to turn.

* **Openness.** Open floor plans are becoming more the trend, but it's not just for style reasons. More open space means additional room to maneuver, eliminating obstacles for those who have mobility challenges. Improvements like rounding edges on countertops can also help eliminate sharp

objects that could cause injury.

The Hartford has dedicated a section of its website to helping people make their homes more livable across a lifetime, meeting the needs of everyone.
