District No. Four Annual Food, Toy Drive Continues to Thrive

By Cristian Vasquez

Food, clothing and gift cards were all collected and donated during the 8th Annual District 4 Christmas Toy & Food Drive. With the collaboration of the schools, principals and teachers in Councilman Ralph L. Franklin's district, 50 families with children attending elementary schools were identified to be in need during this Christmas season.

"I am actively involved with all four of my elementary schools [Woodworth, Worthington, Bennett-Kew and Century Park] and I interface with principals--I also participate in the read aloud programs, where we donate books to our schools," Franklin said. "Through outreach, the principals and their teachers are able to identify the children that are not always able to make ends meet. Rather than me working on contributions and giving them to local churches, I wanted to make sure that the impact was being felt by the people that are in need. Plus, since the principals have direct contact with their teachers, they know day in and day out the true essence of the child's makeup. As a consequence, I started this and it has now been going on for eight years."

The collection effort took place December 6 at the District 4 ICOP Center in what was described as an "urgent appeal to the generosity of Inglewood residents, business owners, organizations, block clubs, neighborhood watch groups and other concerned individuals" to collect enough goods to help the students and families in need. Retail gift cards, grocery gift cards, restaurant/fast food certificates, unwrapped toys and staple, nonperishable food items were all collected and packaged to be donated the next day (December 7) to the families identified.

"We wanted to be everlasting and to be able to provide gift cards so that we were not giving them [families] something that they may have not ever consumed," Franklin said. "If giving them a gift card to a grocery store allows them to buy the perishable items that benefit their family's need and their culture, so be it. Also when you deal with a high number of teenagers, they don't need toys, but if they have a gift card to go to Target as an example, or Ross, the gift card can cater specifically to that child's character and need. That is what has been happening and it has been successful. And none of it would be possible without my benefactors and volunteers."

The toy and food drive began as a small effort by Boy Scouts Troop 636, which still exists today at Bennett-Kew Elementary School and that has been operating since 1995. Every year, one weekend in November, the troops go out with their bags and notify residents that they are collecting food for the needy. The following Saturday, they go out in their scout uniforms to collect the food. After eight years, the event has gained significant support from residents, business owners and the city's leaders as well. During their November 13 meeting, the Mayor and all members of the Council approved the City's sponsorship of the 2012 District 4 Annual Christmas Toy & Food Drive.

"Our energy revealed the fact that the ones who needed the most are the local schoolchildren from my local schools. So, what better way to recycle and help those in our community while boosting our own economy?" Franklin said. "Because it has a growing effect, it now involves the entire city of Inglewood, including the City's Parks and Recreation Department

which has a 501 (C) 3 nonprofit status and that allows me to reach out to more benefactors. Now we are able to help seniors who would like to buy their grandchildren gifts, but can't since they have no additional income. You also heard me talk about foster kids and single parents trying to raise kids. Those are the kind of things that I thought we needed to address. I also did not want this to be a just one-time event. I wanted to be a domino effect so that people could in fact say one--there are some people out there that care; two--it is not just to give you a gift underneath the tree."

Parks and Recreation identified 76 families it will work with that have children ranging between the ages of one month to 17. It will also work to assist seniors between the ages of 65 and 105, along with pregnant women and grandparents raising grandchildren. While a big need continues to be addressed, many challenges occur when attempting to reach out to the less fortunate.

"The question is will there always be a will to help meet the need? I happen to be one of those with the compassion and heart to help those in need," Franklin said. "So when I reached out to Parks and Recs, I began having a surplus beyond the 50 families that I'm normally supported [by] within my campuses. So I thought there must be something that the City can need. They [the City] have a program called 'Gifts from the Heart Program' and they actually have names of children or seniors that need items. The actual funding surplus that I received went straight to the 501(C)3 nonprofit, so the Parks and Recs Department is extremely happy because they will now be able to bless everyone that was on the tree, which they were not able to do before." •

The Big Fella arrived in Hawthorne last Saturday evening with full police escort riding on a fire engine. The Holiday Celebration sponsored by the Hawthorne

Plans for Wiseburn High School Continue to Move Forward

By Cristian Vasquez

Curriculum, student enrollment, sports and arts programs were just some of the issues addressed by members of the Wiseburn School Board and Da Vinci Board of Trustees during their December 5 special meeting. Members of both boards met for a little more than two hours and addressed details with regards to the future Wiseburn High School campus and how the existing Da Vinci School of Science and Da Vinci School of Design will be integrated.

"We are in the process of hiring an architect right now, so we are starting to create the physical and philosophical underpinnings of Wiseburn High School," Wiseburn Superintendent Dr. Tom Johnstone said. "We want to walk away with the finest high school in the South Bay that the community completely and fully embraces. Like we said in a conversation before, we would really like to make it extremely difficult for families in the Wiseburn community to go anywhere else for high school because they have the best high school that they could ever ask for right here."

Current Wiseburn School District students graduate from the eighth grade and have the option of attending one of the two Da Vinci schools that operate within the district. However, for several reasons a portion of those students transitioning out of middle school choose to go outside of the district for their high school experience. Some of the reasons cited include a lack of CIF sports and certain arts programs. Yet the Wiseburn and Da Vinci officials are working hard to address both needs to provide such options when the new Wiseburn High School campus opens.

"What we have going on at Dana Middle School right now is very much influenced by the community--we have 13 different sports teams over there and they are extremely competitive," Dr. Johnstone said. "If we are able to keep that group of kids together and maybe supplemented with some other academic-minded kids that might also be very good athletes, you could have competitive programs here. If we are going to do something, we don't do anything halfway and we don't do anything with the intent of just being average or okay. We would like to have outstanding programs no matter what it is. Whether it is a music program, a drama program or boys and girls soccer, we want to be the best."

Other challenges being tackled by both boards include the creation of a curriculum that will address the needs of both Da Vinci schools and of Wiseburn High School, all while addressing the overlapping needs of students attending the same campus. "It is still very preliminary, so we don't know what it will exactly look like--however, what we do want to do is to build on what has been going on since 2009 with the Da Vinci Design and Da Vinci Science schools," Wiseburn Director of Curriculum, Instruction and Technology Dr. Chris Jones said. "I think that we have not communicated well enough exactly what is going on at those schools. They [Da Vinci Design and Da Vinci Science] are not narrow-focus schools. The schools that exist right now are college preparatory. One-hundred percent of the kids that graduate will have passed A through G requirements for the Cal States and UCs."

The Holly Glen, Wiseburn and Del Aire neighborhoods are united by the Wiseburn School District and the board members have been working hard to deliver on their promise of providing 21st Century schools from the ground up. So far, the process has been successful at the K-8 grade level and the high school would complete that commitment. With the new high school campus, all three neighborhoods can have a common location and build a stronger sense of community while providing students with more education options, including CIF sports

and additional arts programs.

"What has limited our ability to do that [add sports and arts programs] thus far with the Da Vinci Science and Da Vinci Design has been facilities and funding," Dr. Jones said. "Those two have not allowed us to move forward and that is in essence the reason for the new facility. Through these facilities we're going to create the space that will allow for those things to flourish. There will be space for sports, practices, games and gym space within a building. In addition we are looking to provide music rooms, expand on the arts. Around the table it is the interest of everybody that we expand those opportunities so that Wiseburn residents have a wide selection of opportunities for a positive high school experience."

An important part of the effort to build the new high school is creating support and an understanding about what the Wiseburn School District does and how the Da Vinci schools operate through effective marketing. "After hammering the message about the Wiseburn School District and answering the question 3,000 times of what is it and where is it, I am amazed that in just five years the name Da Vinci and Da Vinci schools' reputation is much better known than Wiseburn," Da Vinci Board Vice President Donald Brann said. "It just has that brand name wherever I go in the state, so we have got to get the word out there on Da Vinci very, very effectively. Everyone thinks positively about it. I was not able to crack through with the big corporations that are inside our district. They did not get it in general about Wiseburn being a public school district. People just don't get the difference between city boundaries and school district boundaries."

However, with the strong academic numbers and reputations of both the Wiseburn School District and the Da Vinci schools, officials for both entities are confident, yet are being very thorough in their endeavor and in the chances for success.

"I believe we have built trust in the community that we're going to do this and we're going to do it wisely. We are going to put money where kids are," Dr. Jones said. "What we want to do is build on what has already been started by the Wiseburn School Board back in 2009 when they created the Da Vincis. We have a head start because we are not starting from square one. That was back in 2009 and we have learned a few things along the way, but I think the successes that they have, we want to build upon and create a model of cooperation that other communities can look at--a model of cooperation between districts and charter schools that maybe doesn't exist in many other places, if anywhere."

Dr. Jones continued, "There are definitely some things that we're going to have to sort out with our community, but if we can get our things done I think they're going to be fine. We believe in just laying out the cards on the table, especially with this progress. We have been dancing around for a while and it is time to stop dancing around and put the cards on the table. I think most people appreciate that."

For now, Wiseburn officials hope to be able to open the doors of the new campus by the 2014-2015 school year. "That is ambitious and it is going to take really continuing to push on every front, but it is doable. We have a very aggressive, yet responsible and reasonable CEQA [California Environmental Quality Act] timeline," Dr. Johnstone said. "That has been our biggest obstacle to this point and if we are able to get through that hurdle and obtain approval on our EIR [Environmental Impact Report] in March, close escrow on the building, we would have an architect by January. There are definitely some things that we're going to have to sort out with our community, but if we can get our things done I think they're going to be fine." •

Mattel Brings Snow to Washington Elementary

By Dylan Little

The holiday season in the South Bay is more likely to include a backyard cookout and walks on the windswept beaches than snowball fights and sled runs, but thanks to the efforts of Mattel the students at Washington Elementary School got to enjoy a snow day. As part of Mattel's 12 Days of Play, the company transformed Washington Elementary's playground into a winter wonderland with a sled run and a snow field for snowball throwing, along with activities based around popular Mattel

Mattel hosted a series of philanthropic events at Mattel headquarters and elementary schools throughout Los Angeles, bringing unique play experiences featuring more than 390 total tons of snow and hands-on activities to underserved children. Photo courtesy of Mattel.

toys like Hot Wheels, Barbie, Monster High and Angry Birds.

Hawthorne School District Superintendent Helen Morgan thought the break from studies made a fun diversion for Washington students. "When you look at the faces of these kids, they are just so excited," she said. "It's a fun day for them, which is okay every once in a while."

The event gave students some time to exercise creative and social muscles in a way that can't always happen in a teacher-led environment. Washington Principal Angela Ortiz said that play is important for students and helps them express their originality. "They get time to play," she said. "It's a good way for them to use their creativity and exercise the creative parts of their minds."

In order for all the students to have a chance to take part in the event, the school's daily schedule was modified so that recess and lunch were combined into one hour-long playtime. While this kind of change is typically disruptive, Ortiz emphasized that the students knew that if they didn't stay focused on class work they would miss the snow-filled activities. "We adjusted the school schedule so they don't miss any instructional

time," she said. "We made a deal. If they do all their work they would get an hour to play. We're very clear that our instructional minutes are very important at this school."

Mattel has been a longtime partner with Washington Elementary and has had three previous holiday-themed events at the school. The toy company's involvement with the school goes beyond playtime activities for students. Ortiz said she and the entire school are thankful for Mattel's support over the course of their seven-year partnership. "We are just so fortunate we have such a dedicated community partner in Mattel," said Ortiz.

Deidre Lind, Director, Corporate Affairs and Executive Director, Mattel Children's Foundation, was in charge of the company's role in the day of play. She said that Mattel thinks that play is important for kids to mature and grow into healthy adults. "We get to give the gift of play," said Lind. "We at Mattel believe that play is essential for the growth and development of children."

For some children, playtime is hard to come by. Many neighborhoods lack safe open spaces or proper supervision for children to play. So instead of being outdoors and active, these children are cooped up indoors. Lind noted that events like this one are Mattel's way of giving them a chance to play. "Too many kids don't have access to safe places to play," she said. "This is our way of giving them an opportunity to play."

Another concern of Lind's is that for some children, the adults in their lives are too busy to take a break and have fun with them. She pointed out that when she talked with children at Mattel's Winter Wonderland events, many of them were happy to have adults take the time to play games and lead them in activities. "I talked to a bunch of kids and they are overwhelmed," said Lind. "One of the things they are most overwhelmed by is the adults who are there to play with them. So many children don't have enough playful interactions with adults."

Lind hopes that by making school a place not just for educational, but also fun, experiences will keep students motivated in class and in life in general. "One girl said to me, 'We are so lucky to be here at school today,'" said Lind. "If we can change kids' perceptions about school and play and make school something fun, it's powerful for us."

Before the Winter Wonderland event at Washington, Mattel brought snow and festive activities to 112th Street Elementary in Watts and will do so for Grape Street Elementary in Watts, Jefferson Elementary in Lennox, 10th Street Elementary in Downtown Los Angeles and Figueroa Elementary in Watts. The company will also hold an event at Mattel Headquarters in El Segundo where it will attempt to break the Guinness World Record for most snowmen built in one hour with the help of WWE stars The Miz and Eve. •

Hawthorne, West Play to Scoreless Tie; Leuzinger Tops Millikan Twice

Hawthorne High's boys' soccer team is off to a slow start at 1-3-2, but managed to play Bay League power West Torrance to a scoreless tie in non-league action last Friday at West. This year's Cougar squad is seeking to battle for the Ocean League title due to the return of three solid players in senior forward Candelario Paz, junior forward Jason Santana and junior defender Josue Pasudas. Pasudas had a strong contest in holding the Warriors scoreless. "We're keeping up a strong beat," Hawthorne head coach Yury Najarro said. "We've faced several Division I teams."

A day earlier at Long Beach Poly High, the Cougars took a 1-0 lead on a goal by Edwin Ortiz in the 27th minute. Hawthorne continued to lead at halftime, but its tired defense allowed three Jackrabbit goals in the second half.

Last season, Hawthorne was tied for first place with Santa Monica and Beverly Hills entering the Ocean League finale against the Vikings and the Cougars lost 3-2 to fall into third place. Hawthorne was pitted against South Bay power South Torrance on the road in the first round of the CIF-Southern Section Division IV playoffs and the Spartans humiliated the Cougars 6-0.

Leuzinger, meanwhile, enjoyed a big week with two victories over defending Southern Section Division I champion Long Beach Millikan and a tie with a very good Artesia team on the road. The Olympians began the week with a stunning 2-1 win over the host Rams on December 4. The Ortiz brothers (Mario and Jose) did the job for Leuzinger (5-1-1), with each scoring a goal. Mario had an assist on Jose's goal.

Leuzinger also topped Millikan 1-0 in the quarterfinals of the Junipero Serra Tournament last Saturday in San Juan Capistrano. Luis Dominguez scored on a corner kick by Mario Ortiz for the game's only goal in the 43rd minute. The Olympian defense also stood out behind defenders Luis Perez and Carlos Accencio as goalkeeper Issa Vasquez needed just three saves.

In the championship semifinals, Leuzinger lost on penalty kicks to Anaheim Servite 4-2 after a 1-1 tie. Mario Ortiz tied the match at one with a goal in the 40th minute.

In a 2-2 non-league tie against host Artesia in Lakewood, the Olympians were trailing 2-0 until tying it with a goal by Luis Perez off a pass by Mario Ortiz in the 50th minute. Leuzinger tied it when Perez passed to Ortiz, who scored in the 65th minute.

The Olympians play in the third place game against Southern Section Division I power Santa Margarita on Saturday at Serra in San Juan Capistrano. Leuzinger then will host cross-town rival Hawthorne in a non-league

contest on Monday at 5:30 p.m.

ANIMO TOPS NORTH

David Esparza scored the match's only goal off an assist from Anthony Martin to key Inglewood Animo Leadership High's boys' soccer team to a 1-0 win over host North Torrance last Thursday. The Aztec-Eagles had four saves apiece from goalkeepers Nicholas Alvarado and Royce Bullard.

LEUZINGER HOLDS OFF LAWDALE

Leuzinger High's boys' basketball team has a large majority of players back from last season, but it received a scare from host Lawndale before hanging on for a 56-52 victory in a non-league cross-town rivalry last Friday at Leuzinger. The Olympians started fast, leading 20-8 early in the second quarter, but the Cardinals pecked away at their lead before tying the game at 43 after three periods.

Leuzinger had its biggest lead at 12 when Stephen Nathan converted on a three-point basket early in the second period to complete an 11-0 run. The Olympians continued to lead by nine at 32-23 at halftime, but the Cardinals came back to outscore them 20-11 in the third quarter to tie the game. Lawndale had a chance to take the lead, but a missed three-pointer and a pair of missed free throws prevented the Cardinals.

Leuzinger was led by returning two-year starting guard Eric Childress with a game-high 24 points. Treyvion Anderson added 12 points, including a slam dunk that was followed by a steal midway in the third period. Nathan chipped in eight points. Lawndale was led by Will Newman with 14 points, followed by Nathan McAnally with 12. Both the Olympians and the Cardinals are 3-2.

Congresswoman Maxine Waters (D-CA) was elected Ranking Member of the House Financial Services Committee on Dec. 4 by the House Democratic Caucus. Congresswoman Waters will be the first African-American and woman to serve in this position on the Financial Services Committee. Following the election, Congresswoman Waters released the following statement: "I am deeply humbled to be elected as Ranking Member of the House Financial Services Committee by my Democratic colleagues today. I want to foremost extend my sincere gratitude and appreciation to Congressman Barney Frank for both his friendship and outstanding service to the Committee, particularly for his steadfast leadership during the 2008 financial crisis – the most perilous moment our economy has faced since the Great Depression. The smell of cinnamon reminds me of the holidays more than any other thing. This is a version of a bread pudding that I served at the Hotel Bristol in Vienna Austria in the early 1980s when I was working there during the opera season. We used sweet egg bread but you can substitute challah bread or brioche bread.

When this comes hot from the oven the scent of the holidays will fill your home...

The Chef

Christmas Morning French Toast Custard Bread Pudding

8 x 11 casserole dish
Generously coated with butter use about a 1/4 pound 12 to 14 slices of bread.

The Custard

- 1 cup brown sugar
- 1teaspoon cinnamon
- 2 tablespoons vanilla
- 1/2 cup chopped dates
- 1/2 cup chopped pecans

Lay the bread out in the casserole dish overlapping the slices slightly. Mix the eggs, cream, sugar, cinnamon and vanilla add the dates and nuts then pour over the bread making sure that all the bread gets soaked in the custard. Bake at 350 for 25 to 35 minutes the serve with whipped cream and berries. Happy holidays.
