City Council Approves Two-Year Employment Agreement for City Attorney

By Nancy Peters

The Hawthorne City Council rehired Russell Miyahira, the City Attorney, last March on a one-year agreement, following a dramatic dismissal the previous August 2012 after a 26-year tenure with the city. Now that agreement has been amended and extended for two years, effective March 31, 2014 through March 31, 2016. The vote caused a bit of controversy as Council member Nilo Michelin requested the item be tabled and then abstained from the vote for the table motion, with two council members voting "Yes" and Mayor Chris Brown and Mayor Pro-Tem Olivia Valentine each casting "No" votes. The split vote and abstention to table defeated the motion.

Brown had attempted to make a new motion for two years, rather than the four years originally requested in the amendment, which he brought to the table again after the defeated table vote. The vote for the employment agreement to go forward passed 3-2 with Michelin and Councilmember Angie Reyes-English casting the "No" votes.

The City Attorney's office will advise in a legal confidential how abstentions affect the outcome of votes.

A request by the City Manager for amendments to the approved 2013-2014 budget sparked a lengthy discussion as to the feasibility of many line items included, which all involve adding staff to the City employee roles or hiring contractors, particularly a Finance Director, a Human Resources recruiter, and someone to develop economic incentive programs to make Hawthorne an attractive location to choose for their business. Several of the requests also included a Payroll Assistant, a Legal Clerk, a Government Affairs Analyst, a Traffic Clerk in the Hawthorne Police Department, and increases to the travel, conference and meetings budget for the mayor and council, additions to the Cable TV Department and salary adjustments for those in Planning who handle the CDBG/HOME Funds.

After discussions the vote was taken to

only approve a Finance Director, a recruiter for police, and the salary adjustments in Planning. Michelin cast the dissenting vote for a 4-1 approval, explaining later in the meeting that budget adjustments can be classified as critical or important and none of the items separated out were critical enough to get a "Yes" vote from him.

A new ordinance was read into the record for the first time after no one offered comments in the public hearing period. The ordinance is necessary for compliance with the state mandate to have emergency shelters and transitional and supportive housing for the homeless written into the Hawthorne Municipal Code. As explained by Gregg McClain, Planning Director, the ordinance must be written and the code must show inclusion of the number of beds for shelters, etc., but does not confirm that the numbers in the code must be built. The standards are required and as written in the ordinance the shelters are not allowed in single-family residential areas but could be in R2, R3, R4 and M1 and M2 zones. After a long discussion, Mr. Michelin made a unanimously approved motion to table the ordinance for more information to be advised by the Planning Director before introduction of the ordinance.

The ordinance to address panhandlers and prohibit them from loitering within 10 feet of any ATM or facility that houses an ATM was approved unanimously. The ordinance assuring compliance with the 2013 California Building Codes for 2013 was adopted. The CDBG and HOME Funds public hearing garnered no comments from the public, but the Council members did comment and pointed out that these funds are essential to be approved and utilized properly for their specific purposes now that the Redevelopment Agency apparently will not be resurrected in the state. Low and moderate income housing and reconstruction and renovations for these owners, as well as historic preservation and nonprofit assistance would be non-existent

without these two federal programs. The July 2014 to June 2015 programs must be approved before May 15, 2014.

Seven bids were opened and read into the record for the Hawthorne Boulevard Mobility Improvement Project and referred to the Public Works Director for review and recommendation to the City Council at a future meeting of the bidder to whom the project should be awarded.

The Open House for the Downtown Specific Plan Workshop will be held on Thursday, March 13 from 10 a.m. to 7 p.m. at the Polaris Room of the Hawthorne Memorial Center. All citizens are encouraged to attend and offer their input to the consultants and city staff.

The State of the City address is scheduled for Friday, March 28 at 12 Noon at the Hawthorne Memorial Center. A request was made by a citizen during Oral Communications that there be a section set aside for citizens who may not be able to afford the luncheon fee of \$50 but who want to hear what Mayor Brown will offer in his address.

The City Manager will write up a resolution in support of the US Senate bill 1982 for the Comprehensive Veterans Health and Benefits and Military Retirement Pay Restoration Act of 2014 and send to the sponsors of the bill under the name of the Hawthorne Mayor and City Council.

In honor of Black History Month, the opening of the meeting was a presentation by Donzaleigh Abernathy, the daughter of Ralph Abernathy the civil rights leader and close associate of Dr. Martin Luther King, Jr., who showed a slide show of various civil rights demonstrations and other events which she witnessed first-hand at her father's side during the height of the Civil Rights Movement in the 1950s and 1960s.

The new Hawthorne website at cityofhawthorne.org is now up and running.

The next meeting of the Hawthorne City Council will be held on Tuesday, March 11 at 6 p.m. •

One Man's Opinion

By Gerry Chong

Bob and Mary, two Trivia enthusiasts, paused from their favorite game and reflected on that 1494 allegory named the Ship of Fools in which a ship is full of deranged, frivolous and oblivious passengers, all disclaiming knowledge of the ship's direction. With eyes closed and head tilted back, Bob dreamed, "Isn't it time for another remake of that wonderful story? Why, the passenger list has already been cast."

The First Fool must be Hillary Clinton, who failed to protect the consulate at Benghazi before the attack, failed to save our heroes during the attack, created a fictional account after the attack, and failed to bring the killers to justice. Like her captain, when the nation's emergency Red Phone rang, her call went to voicemail.

Staggering and gripping the handrails on the rolling deck would be Kathleen Sebelius, who engineered Obamacare. Seasick or drunk, she keeps telling us everything is going just fine...just fine. 'Nuff said.

Lounging on a deck chair with shades pulled down is James Clapper of the NSA who perjured himself before Congress, declaring that this righteous government does not collect any phone or email surveillance on U.S. citizens; nor by implication would it eavesdrop on our allies or their leaders.

Playing shuffleboard is Attorney General Eric Holder, who fronted for the government in the Fast and Furious caper in which the government provided Mexican drug lords with AK-47s while arming our border patrol with non-lethal bean bag ammunition. The result was predictable, so RIP, Border Patrol

Agent Brian Terry.

Surrounding the pool 10 rows deep is the IRS, which slow-walked Conservative applications for confirmation of non-profit status while fast-tracking Liberal applications. Then after approval, the IRS audited only 10 percent of Liberal organizations but 100 percent of Conservatives. Grinning, President Obama said there is not a "smidgeon" of corruption because the IRS is rightly performing its expanded function as the enforcer of the realm.

The witch-hunting EPA is aboard, demanding the ship's engines be shut down to eliminate emissions. The ship will just have to drift to its destination since measurable progress is an enemy of the environmental movement. In fact, its goal of gas at \$10 per gallon would punish the economy.

So the passenger list on the new Ship of Fools has been set, but the story needs to be updated. In the old allegory, the ship had no captain and is without direction. That is clearly not the case today. This ship's captain manipulates the economy to create "equality"... which, by definition, is the creation of a nation of "average." In keeping with the definitions of arithmetic, it also means reducing that average to meet the lowest common denominator.

Now with the captain having fixed his port with GPS and those frivolous and oblivious passengers bobbing and floating in a sea of incompetence, the cruise has begun.

Shocked, Bob and Mary flip over the table of their new Trivia and walk away. Simultaneously they realized this Ship is an acronym for an asylum. •

Another Man's Opinion

Washington Needs to do More Than Upgrade NAFTA

By Cristian Vasquez

President Obama and everyone in Washington, D.C. need to stop with the media stunts and do something to create jobs in America. On Wednesday, February 19, Obama paid a visit to our neighbors to the south, alongside Canadian Prime Minister Stephen Harper. The one-day North American Leaders' summit in Toluca, Mexico was intended to reinforce, hype up and revamp, if you will, trade between the two nations. President Obama was even quoted by the Associated Press as touting the shared "commitment to trade" between the three nations. Ironically this year is the 20th anniversary of the North American Free Trade Agreement, which for corporations is great but is a nightmare for the American worker.

It is foolish that the President is committing our country to trade with other nations when our economy manufactures very few products. My space is limited to list all of the manufacturing jobs that were lost in America when companies figured that it would be much cheaper to produce abroad because of the new agreement. Whether you believe that NAFTA was good for the American people or not, there are some facts that can't be ignored. For instance, the trade agreement was supposed to stimulate the economy in all three countries. I can't speak for Canada or Mexico but in America, since 1994, there has been a drastic drop in the amount of manufacturing jobs available. This, in my humble opinion, is where our nation's once thriving middle class began to dwindle. There has been much attention as of late to the phenomenon of a shrinking middle class, but that started when NAFTA was signed.

Granted that this is a trade agreement and it will not dictate the future of the manufacturing

industry, but when companies are allowed to move around from country to country with few challenges there is a detrimental impact on the locals. Manufacturing, like all industries, goes through changes and must adapt. However, NAFTA made it very easy for these changes to occur, hurting the workers to the benefit of the company.

In addition, leaders back in 1994 argued that NAFTA would curb illegal immigration into the United States—at least that is what Mexico's leaders claimed. The truth is that illegal immigration into the United States not only failed to shrink, but it skyrocketed since NAFTA. Why? Simple: with the relaxed tariffs and trade guidelines, the Mexican market was flooded with subsidized corn from America. That was good for our farmers, but not so much for hundreds of thousands of rural farmers in Mexico. Being able to buy the cheaper corn from America meant that the local farmers needed a new way to earn money and working in America was the best solution for these displaced workers.

I will admit that Mexico's leaders should have assisted those displaced workers, but it would be delusional to deny that because of NAFTA said farmers were displaced. NAFTA had a big influence in the rise of illegal immigration to America experienced during the mid and late '90s. For President Obama to attend the North American Leaders' summit and declare that "we have every incentive to make this work," I want to know, exactly what does he want to make work? After 20 years of NAFTA, we have a middle class that continues to struggle and disappear and we can't figure out how to deal with the estimated 12 million illegal immigrants in the country. It's time our leaders stop imitating failed policies of the past so we can move forward. •

we adjourn around 8:30 p.m. RAIN, WINTER, DAYLIGHT SAVINGS AND ASH WEDNESDAY

By the time this column goes to print, out winter should have started. Big news: it's going to RAIN, at least that is what is in the forecast. Four days of rain off again and on again. Wow! It's been a long time since we have had a long stretch of wet weather. Next Wednesday is the beginning of the Lenten season in the Christian church year calendar. That is why you will see people coming to work with a black ash cross smudged onto their forehead. The symbol for Ash Wednesday reminds us of this six week period of repentance leading up to Good Friday and Easter that will be on April 20th this year. On March 9th, make sure you turn your clocks forward an hour as we begin daylight savings time. Winter will soon pass, Spring is on its way. Now that you know every thing that I know, have a great week, and don't forget to be a good neighbor to someone today.

Lawndale High's boys' basketball team got off to a quick start and defeated Ventura 65-50 in the first round of the CIF-Southern Section Division IA playoffs last Friday at Lawndale. The Cardinals, who improved to 19-8, wasted little time in surging out to an early 14-1 lead.

After that, the Cougars regrouped and managed to cut Lawndale's lead to five points (28-23) by halftime and one (33-32) early in the third quarter behind a pair of three-point baskets from Dustin Houck and Stevie Ledesma. The Cardinals, though, were able

to respond as they scored 16 unanswered points to get their lead to 49-32 later in the period. Lawndale held mostly a safe lead in the final quarter, although Ventura made a few small threats.

"Our big task was to complete this game," Lawndale head coach Chris Brownlee said. "Our expectations are higher. We set high expectations. Ventura doesn't have the best players but is well-coached."

The Cardinals had balanced scoring led by six-foot-nine junior center Chimeze Metu with a game-high 15 points. Lawndale's other 6-9 junior, Roderick Jones, and guard Chris White each added 14 points. White scored eight of his points in the fourth quarter to help the Cardinals maintain their lead. The Cougars, who were an at-large team from the Channel League, were led by Houck with 11 points.

The win moved Lawndale into the second round last Tuesday at A.B. Miller High in Fontana. Miller won its first round game over host Mark Keppel High 62-57 in overtime last Friday in Alhambra.

If the Cardinals win, they will take on either Fullerton Troy or Riverside Martin Luther King at a site to be determined in the quarterfinals Friday at 7 p.m.

INGLEWOOD WINS IAA OPENER

Inglewood High's young boys' basketball team got the winning experience in the first round of the CIF-Southern Section Division IAA playoffs last Friday at Dana Hills in Dana Point. The Sentinels topped the Dolphins 62-51.

Inglewood, which improved to 16-11 after placing third in the Ocean League, was able to top the South Coast League runner-ups behind Terrell Gomez with 25 points and five assists. Javon Burnum chipped in 13 points and Darae Elliot contributed eight points and 14 rebounds.

The win put the Sents into the second round at home against fifth-seeded Los Alamitos last Tuesday.

MORNINGSIDE LOSES IN SECOND ROUND

After opening the CIF-Southern Section Division IVAA playoffs with a 60-44 win at

Mission Prep on February 19, Morningside High's boys' basketball team saw its season come to an end with a 65-62 home loss to San Luis Obispo Mission Prep in the second round last Friday.

HAWTHORNE, LEUZINGER FALL

Despite low league finishes, the Hawthorne and Leuzinger boys' basketball teams gave it a shot in the CIF-Southern Section Division IIIA playoffs. The Cougars, who placed last in the Ocean League, ended their season at 7-17 with a 59-44 loss to host Bishop Amat High on February 19 in La Puente.

The Olympians, who were fifth in the Bay League, were ousted by host Charter Oak 66-55 on February 19 in Covina. Leuzinger finished at 10-18.

LADY SENTS ROLL INTO QUARTERS

Inglewood High's girls' basketball team proved why it is the top seed in the CIF-Southern Section Division IIIA playoffs after a pair of easy wins last week. In the first round last Thursday, the host Lady Sentinels rolled over Pomona Ganesha 77-24. In the second round on Saturday, Inglewood downed visiting Santa Paula 63-39.

The Sents, who improved to 17-12, were led by Ejelina Lloyd with 21 points, seven assists and six steals. Dominique Godbolt had 14 points, 15 rebounds and three blocked shots. Andrece Tate finished with 11 points and nine rebounds.

Last Thursday, Godbolt led Inglewood with 19 points and 15 rebounds. Aja Daniels tallied 15 points, 10 rebounds and five steals. Lloyd totaled 11 points, nine assists and eight steals.

For the third consecutive time, Inglewood was at home against Burroughs High from Ridgecrest in the quarterfinals last night. If the Sentinels win, they will face either Huntington Beach Ocean View or South Pasadena at a site to be determined in the semifinals Saturday at 7 p.m.

If Inglewood wins both games, it will play for the championship at the Anaheim Honda Center, Azusa-Pacific University or Santa Ana Godinez High on March 7 or 8.

HAWTHORNE, LAWDALE KICKERS OPEN WITH WINS

The Hawthorne and Lawndale boys' soccer teams began the CIF-Southern Section Division IV playoffs with easy first round wins last Thursday at home. The Ocean League champion Cougars rolled over West Ranch from Valencia 5-1. Hawthorne (19-2-3) had two goals apiece from Jeremiah Egujia and Francisco Alvarez. Jason Santana also had a goal for the Cougars. Hawthorne hosted Chino in the second round last Tuesday in hope of making today's quarterfinals against either fourth seed Bellflower or Lake Elsinore Lakeside at 3 p.m.

Joel Martin got things going for Pioneer League champion Lawndale with two first half goals in its 4-1 home victory over Pomona Ganesha last Thursday. Jose Salazar and Andrew Reteria also each scored for the Cardinals, who visited Foothill League champion Hart High in Newhall on Tuesday. If Lawndale wins, it will take on either top seed Los Angeles Cathedral or Malibu in the quarterfinals today at 3 p.m. •

I was on Facebook with a friend of mine who I used to work with in Oslo, Norway. He reminded me of a dish that was on my menu at the Hotel Scandinavia in 1981. We used a lot of salmon of course, but this sauce is great with any seafood or lightly grilled chicken or pork. Hope you like it.

The Chef

Sautéed Persian Cucumbers with Lemon Zest and Fresh Dill

- 2 tablespoons olive oil
- 1/2 cup finely diced red onions
- 8 each Persian cucumber cut into wedges lengthwise
- 1 teaspoon lemon zest
- 1/2 cup vegetable broth
- Pinch salt and pepper
- 2 tablespoons unsalted butter
- 2 tablespoons chopped lightly fresh dill

In a hot sauté pan, add the oil and the onions and caramelize them till golden brown. Add the cucumbers, stock, salt and pepper and heat slightly. Finish with the butter and dill.

Serve over seafood, chicken or as a side dish.

Wowzer Schnauzer

“My name is **Chanel** and I have no idea why my owner dumped me at an LA County shelter. She told the people she had no time for me, but she said I was an outdoor dog-

Chanel

-so how much time did she give me? You should have seen what a filthy, matted mess I was. There was no way you could tell that I am a tiny, one-year-old, purebred Miniature Schnauzer. Since I'm only 11 pounds and a bit skittish, no small children, please. I

do get along great with other dogs and am very sweet, so please come to adoptions and see for yourself.” If you are interested in Chanel, please email info@msfr.org for

Bruce

more information.

“If you like the name **Bruce**, then I'm your dog! I'm a great-looking, three-year-old, male, purebred Miniature Schnauzer who is a real friendly guy. A Good Samaritan found me in the street and took me to a local shelter.

They also contacted the MSFR folks to let them know about my situation and asked them to keep track of me in case my owner never showed up. Sure enough, my previous owner never reclaimed me and no one wanted to adopt me, so the rescue folks came and bailed me out. I was so grateful to them because after I was cleaned up, they discovered that I had some bite wounds from my time at the shelter. At least now everyone will know why I'm a bit nervous around large dogs, but I get along great with dogs my size – about 20 pounds. I'm in need of some obedience training, but I am a quick learner and so eager to please my new family.” If you are interested in Bruce, please email info@msfr.org for more information.

“Have you ever seen a black and silver purebred Miniature Schnauzer? Well, you just have to come to our adoption fair see how stunning I am. Just look for **Luke** – that's me! I ended up in a crowded, remote shelter and was rescued by the MSFR volunteers. After surgical removal of dozens of small bladder stones and eight rotten teeth, I am happy to say I am healthy, happy and ready for my forever home. I am easygoing and low-maintenance (at about nine years old I'm past the trouble-making stage), get along good with other dogs and am very affectionate. I weigh 20 pounds – just the right size for cuddling.” If you are interested in Luke, please email info@msfr.org for more information.

“Looking for a pair of real cuties? Then you have to come see us! We're 12-week-old siblings named **Noah** and **Naomi** and are a couple of Pomeranian-mix pups. We're only five pounds each right now, but when we are

fully-grown we both should be 10-15 pounds. We were found by a very nice homeless man who couldn't care for us, so he gave us to some folks who could. We're both very well-socialized, playful and are extremely sweet. Since we've been together *forever*, we would like to be adopted together, if at all possible. If you're looking for double the fun, love and happiness, we can be seen anytime at Yellow Brick Road Doggie Playcare in El Segundo. Call 310-606-5507. •

Hooray for Millie and Her New Family!

Millie was our two-year-old who lost her home when her owner went into a nursing home. Millie joins Connor, a MSFR 2010 alumni who was named Elvis, and is now living in Anaheim Hills. Her new family lost their elderly mini last November and now Millie completes their family once again. Congratulations!

If you have any questions about a particular dog's availability, you can email us at info@msfr.org.

Please visit all of our Miniature Schnauzers & Friends rescues at the adoption fair held every Saturday from noon-3:30 p.m., or check out our website at www.msfr.org. Our adoption fairs take place at Petco, 537 N. Pacific Coast Highway, Redondo Beach, California. Schnauzers! Bet you can't adopt just one! •

THE YELLOW DOG PROJECT.com

If you see a dog with a **YELLOW RIBBON** or something yellow on the leash, **this is a dog who needs some space**. Please do not approach this dog with your dog. Please maintain distance or give this dog and his/her person time to move out of your way.

There are many reasons why a dog may need space:
HEALTH ISSUES
IN TRAINING
BEING REHABILITATED
SCARED OR REACTIVE AROUND OTHER DOGS

THANK YOU!
Those of us who own these dogs appreciate your help and respect!
