# **Homeless Housing and Low-Moderate Housing Approved**

**By Nancy Peters** 

The Tuesday, September 3, Lawndale City Council meeting, held on an off-day due to the Labor Day observance on Monday, was conducted around a sparse agenda of items. Council member James Osbourne was absent from the evening's proceedings.

An ordinance was proposed and read into the record for the first time, amending the Municipal Code to include state-mandated definitions for supportive housing, transitional housing, single-room occupancy housing, and emergency shelters within the city of Lawndale. The California State Senate Bill 2 mandated that cities adopt their Housing Element to comply with State definitions for the low to moderate housing types, which no longer can be zoned by the city. The definitions include housing for persons with disabilities as well.

The supportive and transitional housing is designed to assist homeless individuals and families to move beyond emergency shelters, considered temporary housing. to more permanent affordable residential situations that are meant to assist occupants in maintaining healthy status, helping with work in the community, and offer support services to ease the citizens back into a productive lifestyle and eliminate the need for continued assistance.

Single Room Occupancy housing must be found within the city to met the needs of extremely low, very low, low, and moderate income households to meet the mandates of State Assembly Bill 2634. The Lawndale Zoning Code will be amended to allow for this type of housing in the C-1 restricted business zone.

The second reading of the ordinance will take place at the next meeting of the City

The City Manager's Office presented a short-cut bidding process for any projects that are below \$10,000. These projects will be bid out by the Public Works Department who will determine qualified contractors from the city's master list of vendors, call

and present the job specifications, and make a decision, after submitted bids are opened publicly in the City Clerk's Office. Ultimate decision-maker will be the City Manager, based on Public Works staff recommendations.

This short-cut bid process will eliminate the need for published notices on any every project, regardless of size, and allow the three-month process to be shortened to two or three weeks and still comply with the Uniform Public Construction Cost Accounting Act.

All bids will still require to be sealed and a minimum of three bids for each job will need to be submitted by vendors that meet all qualifications for the job scope of work. Extensive discussion was held on this proposed new fast-track bid process. Projects that are between \$10,000 and \$175,000 will continue to require approval by the City Council.

In the consent calendar, Mayor Harold E. Hofmann abstained from voting for the item involving the denial of claims against the city of Lawndale to avoid any conflict of interest.

The annual meeting of the Lawndale Public Financing Authority was held prior to the City Council meeting where the bond payment status was approved by the members, who are the City Council elected officials. Also held was the regular meeting of the Lawndale Housing Authority and the destruction of obsolete records are authorized to be destroyed. The regular meeting of the Successor Agency to the Lawndale Redevelopment Agency was called to order in order to approve the Amended and Restate Cooperation Agreement with the city and approve the Administrative Budget for the biannual report of financial obligations for the Successor Agency to the Redevelopment Agency.

The Sheriff's Department Safety Report included a warning to any teenagers who may be contemplating using social media to invite others to any illegal parties involving alcohol and/or drugs. The recent spate of illegal parties held in Lawndale has resulted in the Sheriff's Department being on the ALERT to locate these illegal gatherings and impose

fines from \$5,000 to \$25,000 for disturbance of the peace, illegal distribution of alcoholic beverages to minors, illegal gathering of more persons than are allowed in a specific space, and also charging for the time that one or more sheriffs spend in response to complaint calls for illegal parties. The citizens are urged to report any parties that are of a suspicious nature and request sheriff's to show up at a location. A recent illegal party included invitations to more than 5,000 teenagers via several social media networks.

The week of September 21-29 is designated as Lawndale Clean-up Week. Curbside recycling can be done on regular trash days and garage/yard sales without permits can be held during that week. Disposal of all electronics, furniture, lumber, and any sized items can be done at the Public Works Yard on Sunday, September 22 and Saturday, September 28 from 8 a.m. to 2 p.m. No hazardous waste will be accepted. City Clean-Up Day on Saturday, September 28 will commence at 9 a.m. at Wienerschnitzel on Hawthorne Boulevard and volunteers will be dispatched to areas to clean up sidewalks and vacant lots. Free hotdogs will be available for all participants in the City Clean-Up Day after the work is completed.

Interested parties can Garden with a Librarian on Friday afternoons at 1 p.m. through October as the Library Youth prepare the garden for winter and new plantings. Adult volunteers are needed to assist the young volunteers in

The Lawndale Jazz and Blues Festival will be held on the Civic Plaza on Saturday, September 14 at 1 p.m.

On Wednesday, September 11, the Mayor and City Council placed a wreath at the memorial at City Hall in memory of the events of 9/11/2001. At the September 3 meeting a Moment of Silence was observed for all those who lost their lives as a result of 9/11/2001 and surrounding events.

The Lawndale City Council will meet again on Monday, September 16, at 6:30 p.m. •

### **One Man's Opinion**

### By Gerry Chong

Against the dying daylight, a single line of silent mourners slowly trudged toward the very small casket. The child inside had been born only three years ago, but had died a mercifully premature death. It was a large baby at birth...2,700 pages...and exploded in girth by an additional 13,000 pages. Why, just last week, his father released another 75 pages of regulations. Death was attributed to many reasons, but a gluttonous explosion was surely a contributing cause.

The line of black-clad mourners was bowed and silent, and each carried a single nail and a large hammer as he approached the casket. The first was American small businessmen, who said, "You killed us, so we had to kill you." BAM, the first nail went into the coffin.

Next came the president of the AFL-CIO. "You weren't well thought out," he said. BAM, exploded the second nail.

The president of the Teamsters Union came third and said, "You killed full-time jobs, the backbone of the middle class," as he hammered still another nail into the coffin.

A somber Delta Airlines stepped to the coffin and said, "We told your father that you would cost us an additional \$100 million per year in employee healthcare costs, so we have brought still another nail." BAM!

Slowly, UPS stepped up and said, "Thanks to you, we are dropping all spousal healthcare coverage for our employee families. Congratulations." BAM!

A solemn Forever 21 then approached the casket with a black rose and said, "We will

not employ any full-time employees thanks to you." BAM!

Joining the theme, supermarket giant Kroger confessed, "We have stopped spousal health insurance benefits for 11,200 Indiana employees and have yet to make a decision affecting our 343,000 other workers." BAM!

With head bowed, the nation's third largest health insurer, Aetna, stood with hammer and nail poised and said, "We will not participate in your health insurance exchanges in California, New York, Maryland, Ohio, Georgia and Connecticut. Go with God." BAM!

Following its insurance brother, Anthem Blue Cross and United Healthcare placed their nails against the little space remaining and hammered home the fact that they have withdrawn from the health exchange market in California. BAM, BAM!

Bringing up the end of the line were the New Orleans-style funeral celebrants—black-laced ladies and men in top hats, twirling black umbrellas and dancing to Cajun jazz. They are the 11,000 members of Congress and their staffs who exempted themselves from the deceased. The President, Congress and their respective staffs enabled themselves to enjoy the privileged government healthcare system not available to the peasant public. Noblisse oblige.

The lid of the little coffin is now covered in nails, providing some confidence that the soul of the child, mothered by Hillary and fathered by Barack, has been sealed and will not arise from the dead. But then again, like *The Omen*, evils can arise again and again. Be vigilant. BAM! •

# Training, Education Must be Provided to Transition into Clean Energy

### By Cristian Vasquez

Opinions about clean energy sources vary depending on whom you ask and the arguments for and against transitioning into using cleaner energy sources are just as diverse. A major area of concern has been the displacement of workers upon developing cleaner energy sources, which is a big problem. Fortunately in November of 2012, voters approved Proposition 39, which is expected to generate \$550 million in corporate taxes to be fund the Clean Energy Job Creation Fund.

Beginning this fiscal year, money in the Clean Energy Job Creation Fund will be available. Of major significance is the fact that this fund will provide for adequate job training, which is at the core of our ability to transition into cleaner energy sources. It is hard to deny that the performance capabilities of certain energy sources are above and beyond the rest of our options. However, when a cleaner and safer fuel option is viable, we should not shy away from it because of what we are used to using. Just like this bill intends, we need to invest in job creation and, most importantly, training. As we begin to transition into cleaner fuel sources, we need trained and qualified workers to provide this energy. Oil refineries invested in their workforce many years ago and continue to do so today because the need was there.

We are in a situation where we need to develop our clean energy sources and we can do so without walking away from our traditional fuel sources (fossil fuels). Furthermore, it can be done without the abrupt displacement of thousands of employees. The transition to cleaner energy will not be overnight. In the next five years, through the Clean Energy Job Creation Fund, we will be closer to having the trained and qualified workforce needed to provide such energy sources.

It is hard to imagine a world with nothing but electric cars or nothing but hybrids, but it makes sense that more and more people use such vehicles. The environmentally-conscious or people who drive extremely long distances would benefit from the development of such technology--and making it readily available does not hurt anyone. When television sets were introduced to households around America, radio stations didn't disappear. Not even the popularity of satellite radio or podcasts has made radio stations go away. So, why would the availability of clean energy sources make all other energy sources go away? They won't.

Muscle cars will still be available andNASCAR will continue to be a multimillion dollar sport, all while a new industry dedicated to clean energy continues to grow and thrive side-by-side with the old. To resist the development of new technologies will only hurt and slow down our ability to grow as a society. It is in our financial interest to develop the ability to use clean energy and the workforce that can maintain that option viable. •

### News for the "City of Good Neighbors"

### From City Clerk Norb Huber **Back From Vacation**

It's nice to back in Hawthorne. What started out to be a short trip up to see Mount Rushmore in South Dakota turned into a journey across America's upper Midwest. My wife and I flew from LAX to Detroit to start our trip with a rental car. In the nine days we were gone we set foot in 12 different states. We visited the largest Christmas store in the world, Bronner's, in Frankinmuth, Michigan, from there we drove to Chicago, caught a Cubs game at Wrigley Field, took the train to Milwaukee and enjoyed a bratwurst and beer. From there we drove to Minneapolis. Of course, my wife wanted to visit the Mall of America. While she shopped, I took in a movie. The Mall has a large amusement park enclosed inside the structure. From Minnesota we drove across North Dakota and then down to the Black Hills of South Dakota where the faces of four presidents are chiseled out of the granite mountainside. We concluded our trip by stopping at my birthplace in Alliance, Nebraska. It had been 53 years since I had been back. My family left when I was at the tender age of 5, but I still had memories of building snow men in the back of our house and walking to school with my older sister down the street a few blocks away. It was a great trip to see much of America that we sometimes forget about. The hardworking farmers and union workers of

### Young Murray Engineers Lawndale Over Hawthorne

Hawthorne quarterback Patrick Washington runs with ball as he is approached by Lawndale defensive lineman Mario Quinoa in last Friday's non-league football rivalry. The Cardinals topped the Cougars 26-21. Photo by Joe Snyder

### By Joe Snyder

A year ago in Lawndale High's football team's season opener at home against South East High from South Gate, 13-year-old freshman quarterback Chris Murray got his start and even threw a touchdown pass in the Cardinals' 47-12 loss. Murray, however, had to sit out the next few games until he finally turned the minimum age of 14, required by the California State CIF, to be eligible to play.

Now a little more seasoned as a 14-year-old sophomore (he turns 15 next month.), Murray started his second straight game for Lawndale. He had a very good game by completing 11 of 16 passes for 184 yards and one touchdown, and also ran for 77 yards and two touchdowns to key Lawndale to a 26-21 Centinela Valley School District rivalry victory over Hawthorne last Friday at Lawndale.

Murray scored his touchdowns on runs of seven and 23 yards. His 23-yard scoring run with 2:55 left in the game proved to be the difference in the Cardinals' victory. Lawndale won its season opener and the Cougars fell to 0-2. His six-yard TD pass to senior wide receiver Anthony Ramirez gave the Cardinals a 19-14 lead with 6:54 left in the game.

"Murray is showing athleticism," Lawndale head coach Rick Mathiesen said. "He still makes mental mistakes. We didn't play that good, but we were able to capitalize."

The Cardinals scored first with 2:04 into the game on a 16-yard touchdown run by Davion Ward. Hawthorne, though, bounced back and took a 14-6 lead after the first quarter behind a pair of TD passes from quarterback Patrick Washington to wide receiver Jermaine Martin. The two connected from 32 yards out with 5:47 remaining in the period and then from 25 yards with 1:47 to go. Kicker Miguel Hernandez converted on both points

after touchdowns.

Lawndale cut the Cougars' lead to 14-12 with 2:23 remaining before halftime on Murray's seven-yard scoring run. The score remained the same through the third period before the Cardinals regained the lead on Murray's TD pass to Ramirez and then Murray gave Lawndale some breathing room on his 23-yard run.

Desperate for a miracle comeback, Hawthorne drove 65 yards in eight plays behind reserve quarterback Pablo Bernal, who completed five of seven passes for 61 yards. The drive culminated with a 12-yard touchdown pass to Colby Menendez, cutting the Cardinals' lead to five points with 35.3 seconds remaining. Hernandez then attempted an onside kick that was recovered by Lawndale's David Tuivai and the Cardinals only needed one play to run out the clock.

Despite the win that improved Lawndale's record to 1-1, Mathiesen felt that his team made too many mistakes. "It was an ugly football game," Mathiesen said. "We were able to find a way to win. Our defense kept us in

the game. Our offense needs a lot of work."

The Cardinals won the contest despite five turnovers. "We didn't capitalize on their turnovers," Hawthorne head coach Donald Paysinger said. "We'll go to work. We got to learn how to win."

Lawndale hosts Morningside from Inglewood in its third non-league contest Friday at 7 p.m. The Monarchs are off to a good start with a 41-0 win over Animo High from South Los Angeles last Friday at Coleman Stadium.

Hawthorne will face Blair High at John Muir High in Pasadena at the same time in an attempt to get its first victory. The Cougars have a nine-game losing streak with their last win in non-league against Animo-South L.A. last year.

### **EASTSIDE ROUTS LEUZINGER**

Leuzinger High's football team lost its season opener to Eastside High from Lancaster 35-7 last Friday at Leuzinger. The Lions took a 35-0 lead until the Olympians scored late in the fourth quarter on a 12-yard touchdown pass from quarterback McDaniel Vaughn to wide receiver Edson Santos.

"We made mistakes," Leuzinger head coach Ronald Jenkins said. "Every one of their scores was from our mental mistakes. We need to do a better job on discipline. If we can do it, we'll be all right. We did play hard throughout the game."

Next for the Olympians will be a non-league contest at North Torrance tonight at 7 p.m. Last season, the Saxons advanced to the CIF-Southern Section Northwest Division final where they lost to Nordhoff of Ojai 31-14. This year's North team, however, lost numerous top players and is rather young and inexperienced. It showed in its first two non-league contests with lopsided losses to hosts Bay League schools Redondo 49-12 on August 30 and 51-0 to Rolling Hills Estates Peninsula last Friday.

"Those are two solid teams," Jenkins said of Redondo and Peninsula. "We're in the same position (as North). We'll work on this and see how it goes."

### INGLEWOOD BLANKS WASHINGTON

Inglewood High's football team began its season by shutting out host Washington Prep 26-0 last Friday in South L.A. The Sentinels will be expecting a tougher game on the road to Bakersfield to take on Stockdale--one of the top teams in the CIF-Central Section. Stockdale is coming off a 34-27 loss at St. Mary's High in Stockton last Friday. Last year, Stockton routed host Inglewood 54-14. •

# City Ready For Cleanup Week

### By Cristian Vasquez

From curbside recycling to free yard sales, the City of Lawndale's Clean-Up Week allows residents to dispose of unwanted items as part of a citywide effort to keep the community clean. From September 21-29, the City will host its Clean-Up Week, which is sponsored by the local Wienerschnitzel and the Lawndale Beautification Committee. "I make sure that we have all the supplies--for instance, we provide gloves because we don't want anyone out there with bare hands," Beautification Committee Chairperson Judy Oldziewski said. "We provide trash bags as well, and everyone who participates receives a certificate of commendation and I help with those."

On the regular trash pick-up days, residents are allowed to place items usually not discarded such as small appliances, lamps, books, bundles or branches so that they can be properly disposed. In addition, residents are allowed to host yard/garage sales without the need of a permit.

"We do this twice a year and put up banners and flyers," Deborah Holland with the City of Lawndale said. "I think people are well aware of it and on the Clean-Up Day itself, we might have as little as 30 to 40 participants but we have had up to 100 participants in the past. People are well-aware of it."

Residents also have the opportunity to use the Public Works Yard to dispose of items such as lumber, unwanted furniture, and small and large items. They can also dispose of electronic waste such as televisions, computers, laptops, VCRs, cellphones, microwaves or radios. The Public Works Yard is located at 4722 Manhattan Beach Boulevard and will be open to the public for Clean-Up Week on Sunday, September 22 and Saturday, September 28 from 8 a.m. to 2 p.m.

"You would be amazed at how much trash is collected. As much as this helps keep clean, it makes people--especially some of the children and Ccouts--aware that if they throw something out of the car that they are littering the city," Oldziewski said. "It makes people aware that they need to be careful about not throwing things on the street."

Saturday, September 28 is City Clean-Up Day when volunteers are needed and asked to meet at the Wienerschnitzel located at 14900 Hawthorne Boulevard where all volunteers will receive a hotdog and drinks. "I also divide the city into areas and assign people to different areas for clean-up," Oldziewski said. "We also give community service slips and credit for the high school students. Some of the students from Environmental Charter School here in Lawndale come out. We also get kids from the Key Club from Lawndale High School, as well as different groups. They all receive community service credits which they need to graduate."

Oldziewski, who has been with the committee for at least 30 years, admits that organizing the Clean-Up Week is not an easy task but he appreciates the ability of everyone involved to work together at making the effort as efficient as possible. In addition, she enjoys the opportunity to engage with her fellow residents. "It is a bit time-consuming, but fortunately we have some wonderful liaisons--they are all great and they do a lot of the work," Oldziewski said. "I have been here since 1972 and I have chosen to remain here because I like the city and what it stands for. It is small--not population-wise it is not, but geographically it is small and I like it. There is a feeling that everyone cares and I really like that about the city."

The strong sense of community that is generated from the Clean-Up Week is an added bonus for the organizers. "A number of our volunteers will come back and say that they met people when they were out," Oldziewski said. "Others will tell us how much they appreciated the kids coming out and cleaning up the streets. It also gives a really good perception of the people of Lawndale and their caring for their city and I believe that is very important."

In my travels, there has always been a griddle to cook on in every kitchen. The griddle, in some cultures, is the most important cooking utensil and sometimes the only way to cook hot foods. Whether it's called a "flat top," "teppanyaki," "plancha," "bratphanne" or "piastra," they all mean the same: A hot, flat surface to cook foods quickly. Here is my version of:

### **Pan-Fried Noodle** Cake with Shredded Vegetables

I pound of noodles (any kind you wish) blanched in hot water, then cooled in cold water. Set to the side 1 large onion cut in julienne 1 pound sliced mushrooms 1/2 pound cleaned snow peas 2 red bell peppers cut into thin strips 1/2 pound of bean sprouts 1/2 cup vegetable oil 8 eggs 1/2 cup oyster sauce (in a squirt bottle, if you have one) Sambal oelek or sirachi sauce (optional)

In a large bowl, mix noodles, onions, peas, peppers and sprouts Separate into 8 portions

On the hot griddle, sprinkle a little oil, then place the portions of noodles and veggies on the oiled griddle. Season with a pinch of salt and pepper, and then toss each portion to brown it on all sides

Crack the eggs into a bowl and whisk a little

Then, with a small ladle or spoon, pour eggs over each portion. Let it cook for 30 seconds, then flip like a pancake. Repeat and serve.

Garnish by squirting oyster sauce (and optional hot sauce) over noodle cakes.

Note: You can also add any other vegetables and meat, fish or poultry. •

# Pets Without Partners

Adopt a "pet without a partner" and give a homeless pet a second chance in life.

Akiba is a beautiful, golden Spaniel/Corgi mix. This sweet girl is happy all the time and should be ready to go to her new home

her tail never stops wagging. She is friendly with all other dogs and loves everyone she meets young or old. Abika loves to play, is very people-oriented and superbly socialized. She came to us from the Downtown Dog South Central shelter intervention rescue efforts. She is wonderful and will make a great addition into any home situation. Abika is available for pre-adoption at this time, as she is currently nursing three puppies and

dogs, and good with children.

Conner is a stunning fawn-colored Mastiff and a gem of a dog. He was born on February 27, 2007 and was given up after his family's daughter was diagnosed with leukemia and their world was turned upside down. Conner loves everyone he meets. He grew up with kids and is happy to have them in his family. This gentle boy is loving, sweet, calm, mellow, easygoing and fabulous in every way. Conner was raised as an inside dog and he is totally housebroken. He is used to sleeping in his big, comfy dog bed and has very good house and play manners. He walks superbly on leash and just loves to be with you wherever you are no matter what you're doing. Remember that Mastiffs eat a lot of dog food, so keep this in mind when budgeting for this new family member. Conner is neutered, current on vaccinations, de-wormed, microchipped, fine with children and other dogs, but is not cat-safe.

To learn more about these and other wonderful dogs, visit our website at www. animalsrule.org. If a dog is on our website, it's available. Or come to our Saturday adoption events from 11 a.m. to 3 p.m. at 305 North Harbor Boulevard in San Pedro (just off the 110 near the cruise port). We are always in need of donations for veterinarian bills and our senior dogs. Donations can be made through our website or by sending a check payable to: Animals Rule Placement Foundation at 305 North Harbor Blvd., San Pedro, CA 90731. All donations are tax-deductible. We are a registered 501©3 non-profit organization.

# **Purrrfect Companions**

Looking for a new best friend? Pretty as picture, take a look at these purr-fect partners.

Monet is a precious 4-month-old girl recently rescued from a high kill shelter. Her for a second kitten to pair to Monet.

Miró is a super-sweet boy with lovely markings. Because of his unique markings, he has been named after the famous artist Joan

foster mom went to rescue two other kittens, but couldn't leave her behind! Monet was alone in her cage, sticking her paw out of it and wanting to play. She is as sweet as sugar and has a frisky, playful nature. Monet gets her name from the splash of black color on her head and tail and the paintbrush whispers of hair protruding from her ears. The photos don't do her cuteness justice! Monet is still a kitten and needs to be adopted with another kitten or into a home with a playful cat or kitty-friendly dog. She is already bonded with her friend Ballerina Girl, if you're looking

Miró

Miró. This fantastic little guy is a total sweetheart who is playful and energetic--and as a bonus, he is well-behaved too! Miró loves getting petted and purrs to let you know how much he appreciates the love you give him. His favorite pastimes are playing with his siblings and his kitty toys. Miró also loves hanging out with his humans and napping on their laps.

These kittens/cats are available for adoption through Kitten Rescue, one of the largest cat rescue groups in Southern California. All of our kitties are spayed/neutered, microchipped, tested for FeLV and FIV, de-wormed and current on their vaccinations. For additional information and to see our other kitties, please check our website at www.kittenrescue.org, or email us at mail@kittenrescue.org. Your tax-deductible donations for the rescue and care of our cats and kittens can be made through our website or by sending a check payable to Kitten Rescue, 914 Westwood Boulevard, #583, Los Angeles, CA 90024.

On Saturdays, we have adoptions from noon to 3 p.m. in Westchester at 8655 Lincoln Boulevard, just south of Manchester Avenue, and also in Mar Vista at 3860 Centinela Avenue, just south of Venice Boulevard. Our website lists additional adoption sites and directions to each location.

"Hi! Needless to say, Buster fell head over heels in love with Maya. She immediately ran to the house door after getting out of the car. She had no problems adjusting. Even as I message you now, our boy Buster is crying perfect! She immediately made the house her home and grabbed a toy to play with it--actually one of Buster's. She is starting to give kisses and had a relaxing car ride home. She immediately put smiles on our faces. Thank you for allowing us to have such an amazing dog. We love her! - Reanne." •
