Lawndale City Council Approves 2012-13 Budget in Controversial Vote

By Nancy Peters

When the Lawndale City Council meeting was called to order on Monday, June 18, the agenda items included the approval of the regular consent calendar, an amendment to the contract for the completion of service obligations pertaining to the Lawndale Community Center in order for certification to be met by LEED, and the staff recommendation for approval of the 2012-13 fiscal year annual budget. Due to the Council requests of staff at the previous meeting on June 4, there remained some unfinished business that had precluded the approval of the budget at that meeting.

In the consent calendar, the ordinance amending the Lawndale Municipal Code was read into the record. The section pertaining to the distances between businesses granted a special use permit for the sale of alcoholic beverages shall now be measured from the entryway of the buildings rather than from the property line of any buildings where the sale of alcoholic beverages shall be permitted to take place. The distances shall not exceed the minimum requirement of 300 feet between the public entryway for each establishment. Buildings must be on the peripheral arterial streets of Rosecrans Avenue, Prairie Avenue, Redondo Beach Boulevard, Artesia Boulevard and Inglewood Avenue. The property line of such premises shall continue to meet the requirement of a minimum of 600 feet between property lines, but measurement shall not be taken from these points of reference.

During public comments, a citizen requested a change of wording to certain statements made by him at the June 4 meeting as he believed the drafted wording misconstrued his intent in remarks about the City and businesses in the community. The Assistant City Clerk and several members of the Council explained that the wording of the minutes and any changes to the wording are at the discretion of the Council and that the wording is a summary of Council actions—not a public record of

verbatim discussions or remarks.

The discussion of the 2012-13 annual fiscal year budget, due to take effect at 12:01 a.m. on July 1, 2012, was opened with a staff report to comply with the request by Council on June 4 to reevaluate the proposed budget as to the expenditure of monies without a minimum surplus of \$100,000. The staff was asked to find areas where reductions could be made, up to and including the elimination of more than the previously deleted four positions on City staff. Also included was a reduction of expenditure for a sidewalk project along Hawthorne Boulevard to the

minimum number of repairs for only trip-and-fall liability hazards.

The new proposed budget was presented by Ken Louie, Finance Director and City Treasurer, who explained that the Council requests had been met and the surplus could be \$101,501 with the reduction of the sidewalk project to an expenditure of \$83,200 and the defunding of two positions for a total of \$180,489. Louie also pointed out that untapped UDAG funds, Prop A funds, Prop C funds, Measure R funds and TDA funding had been considered and in some

Lawndale's Legacy

A series of images and stories about Lawndale's past
By Councilmember James H. Osborne

Lawndale's founder, Charles B. Hopper, was only 24 years old when he secured the 160 acres upon which he would create the original community. He selected the name of Lawndale after a Chicago suburb of the same name as a way of attracting eastern transplants. Hopper died in 1964 and was buried in the cemetery he helped to establish, Inglewood Park Cemetery. •

Sports

The Kings Are Crowned

By Adam Serrao

The city of champions. The sound of that is beginning to have a nice ring to it. After all, the city of Los Angeles does seem to be predisposed to bringing home titles, no matter what the sport. The Lakers have 11 of them (in L.A.), the Dodgers have five of them, the Angels have won it once and even the Galaxy and the L.A. Sparks have begun to chip in with one and two titles of their own, respectively. Through all of the winning and through all of the accolades being thrown across town, however, there remained one sport—a sport that had almost been forgotten by the people of Los Angeles. Not ready to bow its head and duck away from sight forever, the sport of hockey made a significant comeback this year by witnessing the Los Angeles Kings dominate the rest of the field in the playoffs. But what made the championship even sweeter for the team and all of its fans was that this was their very first one.

It was becoming more and more difficult for the Kings to live up to their moniker. The crown that has been painted on their uniforms for the entirety of the Kings' existence was beginning to get a little rusty because it hadn't been touched for so long. Through the Wayne Gretzky era as far back to the Miracle on Manchester, the Kings were without their crown for 45 years. Not only were they title-less, but in the same amount of time they had only won a single conference title and a single division title. Those statistics depict a team that is anything but royal and majestic—until now. With a 6-1 Game 6 victory over the New Jersey Devils on June 11, the Kings didn't just win the series four games to two and they didn't just win the Stanley Cup. They changed their history forever.

By now, everyone knows that the Kings won in the playoffs, but not everyone understands the way that they demolished the competition. By winning its first 10 consecutive road games, the team set a playoff record for a winning streak on the road. The Kings also tied the record for most overall playoff wins on the road and miraculously lost only four games all postseason (two in the championship round) to bring their playoff record to 16-4. The only thing that perhaps makes those statistics even more remarkable is the fact that they did it all as an eighth seed, which was also the lowest seed to ever win the Stanley Cup, by far. Ironically, the New Jersey Devils previously held the record for lowest seed to ever win the Cup when they won in the lockout-shortened 1995 season

as a fifth seed.

At the beginning of the season, perhaps no one would have believed it if you were to say that the Kings would be this year's Stanley Cup champions. A group of underachieving players, the Kings were one of the worst scoring teams in the league before General Manager Dean Lombardi decided to do something about it. Clearly, firing head coach Terry Murray and bringing in Darryl Sutter was the right move to make. Sutter didn't just start winning right away, but he motivated a team that once was underachieving and turned them into the overachievers that hockey fans around the world were made witness to this playoff season. Maybe one of the biggest reasons for the Kings' success after a few trade deadline moves and the acquisition of a new head coach was the arrival of Jonathan Quick. Sure, this wasn't Quick's first rodeo. He had been on the team before. But this was the year that he truly arrived on the scene.

Allowing only 29 goals in 20 playoff games this season, Quick quickly became one of the most talented goalies in the league and earned the Conn Smythe Trophy as the playoff MVP to prove it. Allowing only seven goals in the six-game championship series, Quick was the only reason that a relatively low-scoring team like the Kings stayed in games long enough to get their eighth-seeded playoff berth and eventually win the trophy. Stopping 125 of 132 shots against him in the finals (two of the seven not stopped by Quick were deflected off of teammate Slava Voynov), Quick may have put up one of the best performances by a goalie in a playoff series of all time. At the ripe young age of 26, Kings' fans and players alike can rest assured that as long as the team keeps him locked up in friendly contracts, they will have one of the best forces in front of the net that the league has ever seen playing on their side.

They may not be the Los Angeles Lakers and have all of the glitz and glamour that accompanies the purple and gold, but the Los Angeles Kings took a giant step in the right direction. They don't have 11 championships in L.A. or a total of 17 hanging from the ceiling, but now they have one to don the rafters of the Staples Center that is quickly becoming a more and more iconic building as the years pass by. A relatively forgotten team in what was a relatively unknown sport, the L.A. Kings just put hockey on the map, got rid of their lower-class status and gave their long-suffering fans something to finally brag about. •

Lawndale Seniors Crush Lennox

By Joe Snyder

The Lawndale Cardinals Senior Little League baseball Cardinals advanced to the Carl Magee Memorial District 37 Tournament of Champions championship series by rolling over the Lennox Tomateros 13-2 in the winner's bracket semifinals last Saturday at Jim Thorpe Park in Hawthorne. Leading 6-2 entering the bottom of the fourth inning, the Cardinals let loose for seven runs that included a grand slam home run by Johnny Montoya.

Albert Aguilar went three-for-four with a single, double, two runs and one run batted in. Jesse Garcia was two-for-two with two RBIs and two runs. Eric Bradanobic and George Granalb each drove in two runs.

For the Tomateros, Alex Pacheco was two-for-two with one RBI and one run. Juan Camone drove in a run. The game ended after five innings due to a 10-run-plus mercy rule.

Lawndale was to face the winner of Sunday's losers bracket final between the Tri Park Yankees and Tomateros for last Tuesday's championship. Also on Saturday at Thorpe Park, the Yankees topped the Lennox Nationals 6-4.

Juniors: Tri Park Indians 13, North Inglewood Dodgers 2

The Tri Park Little League Indians used a balanced offensive attack to rout the North Inglewood Dodgers 13-2 in a five-inning mercy rule Junior Little League Carl Magee District 37 Tournament of Champions semifinal game last Saturday at Thorpe Park. Ian May sparked the Indians by going two-for-three with two runs and two RBIs. Carlos Jacobo went three-for-three, scored three runs and drove in two.

Brandon Brown was two-for-two with one and winning pitcher Anthony Campos went two-for-three with two runs and one RBI. For the Dodgers, Daniel Padilla was one-for-three and drove in a run.

Ex-Leuzinger High boys' basketball standout Russell Westbrook scored 27 points in each of the first two games of the National Basketball Association championship series as the Oklahoma City Thunder split its first two home games last week. In the opener on June 12, the Thunder defeated the Miami Heat 105-94, but fell short in the second contest 100-96 last Thursday in Oklahoma City.

In each game, Westbrook, who also played at UCLA and grew up in Hawthorne, was the Thunder's second leading scorer behind Kevin Durant. In the first game, Durant led all scorers with 36 points and last Thursday, he led Oklahoma City with 32 points.

LeBron James was the Heat's high scorer with 30 points on June 12 and 32 last Thursday. Dwayne Wade helped Miami with 24 points as the Heat were able to hold off the Thunder on Thursday. Chris Bosh, the other part of Miami's Big Trio, added 16 points and grabbed 15 rebounds. In that game, the Heat led by 11 (78-67) after three quarters before the Thunder got as close as two points late in the fourth period. Oklahoma City outscored Miami 29-22 in the final quarter. Former Lakewood Artesia High and University of Arizona standout James Harden chipped in 21 points for Oklahoma City.

Inglewood Earns Grant to Fight Hunger in Children During Summer

The City of Inglewood, in partnership with the National Recreation and Park Association (NRPA), has been selected to benefit from a \$1.5 million grant received by NRPA from the Walmart Foundation to support summer feeding programs in 28 park and recreation agencies across the U.S. The City of Inglewood has received a \$40,000 grant to support its food service program in Inglewood. Support for the feeding program is part of Walmart's Summer Giving Campaign - a \$20 million initiative aimed at filling the gaps created when schools close for the summer. The initiative will help expand nutrition, learning and employment services to children throughout the summer months. While many children look forward to the summer break, recent research shows that health may decline in children during the summer due to lower levels of physical activity and lack of access to healthy meals. Only one in seven of the low-income students who depended on the National School

Lunch Program during the regular 2010-2011 school year received summer meals in July 2011 according to a report released by the Food Research and Action Center in June 2012. The City of Inglewood will provide free lunches Monday through Friday, from June 20 - August 31, at the following locations: Ashwood Park (201 S. Ash Avenue); Edward Vincent Jr. Park (700 Warren Lane); Darby Park (3400 W. Arbor Vitae Avenue); Lockhaven Community Center (11125 S. Doty Avenue); Rogers Park (400 W. Beach Avenue); Siminski Park (9717 S. Inglewood Avenue); the Inglewood Main Library (101 West Manchester Boulevard); and Frank D. Parent School (5354 West 64th Street). For more information, call the Inglewood Parks, Recreation and Library Services Department at 310-412-8750. For more information on NRPA's summer feeding support, visit www.nrpa.org/feeding or contact Jimmy O'Connor, senior manager of corporate grants, at joconnor@nrpa.org.

2012 ANNUAL WATER QUALITY REPORT

VISIT INGLEWOOD ON THE WEB AT: WWW.CITYOFINGLEWOOD.ORG

ABOUT THIS REPORT

Since 1991, California water utilities have been providing information on water served to its consumers. This report is a snapshot of the tap water quality that we provided last year. Included are details about where your water comes from, how it is tested, what is in it, and how it compares with state and federal limits. We strive to keep you informed about the quality of your water, and to provide a reliable and economic supply that meets all regulatory requirements.

WHERE DOES MY TAP WATER COME FROM?

Your tap water comes from 2 sources: Groundwater and surface water. We pump groundwater from 4 local, deep wells. We also use Metropolitan Water District of Southern California's (MWD) surface water from both the Colorado River and the State Water Project in northern California. These water sources supply your tap water.

The quality of our groundwater and MWD's surface water supplies is presented in this report.

HOW IS MY DRINKING WATER TESTED?

Your drinking water is tested regularly for unsafe levels of chemicals, radioactivity and bacteria at the source and in the distribution system. We test weekly, monthly, quarterly, annually or less often depending on the substance. State and federal laws allow us to test some substances less than once per year because their levels do not change frequently. All water quality tests are conducted by specially trained technicians in state-certified laboratories.

WHAT ARE DRINKING WATER STANDARDS?

The U.S. Environmental Protection Agency (USEPA) limits the amount of certain substances allowed in tap water. In California, the State Department of Public Health (Department) regulates tap water quality by enforcing limits that are at least as stringent as the USEPA's. Historically, California limits are more stringent than the Federal ones. There are two types of these limits, known as standards.

Primary standards protect you from substances that could potentially affect your health. Secondary standards regulate substances that affect the aesthetic qualities of water. Regulations set a Maximum Contaminant Level (MCL) for each of the primary and secondary standards. The MCL is the highest level of a substance that is allowed in your drinking water. Public Health Goals (PHGs) are set by the California Environmental Protection Agency.

PHGs provide more information on the quality of drinking water to customers, and are similar to their federal counterparts, Maximum Contaminant Level Goals (MCLGs). PHGs and MCLGs are advisory levels that are nonenforceable. Both PHGs and MCLGs are concentrations of a substance below which there are no known or expected health risks.

SHOULD I TAKE ADDITIONAL PRECAUTIONS?

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers.

The USEPA/Centers for Disease Control guidelines on appropriate means to lessen the risk of infection of Cryptosporidium and other microbial contaminants are available from the USEPA's Safe Drinking Water Hotline (1-800-426-4791).

HOW DO I CONTACT MY WATER AGENCY IF I HAVE ANY QUESTIONS ABOUT WATER QUALITY?

If you have specific questions about your tap water quality, please contact Harry Frisby, Jr., Acting Public Works Director at 310-412-5333.

HOW CAN I PARTICIPATE IN DECISIONS ON WATER ISSUES THAT AFFECT ME?

City Council Meetings take place at 1 W Manchester Blvd, Council Chambers, Inglewood, CA 90301 at 7pm on Tuesdays.

WHY DO I SEE SO MUCH COVERAGE IN THE NEWS ABOUT THE QUALITY OF TAP WATER?

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity. Contaminants that may be present in source water include:

- Microbial contaminants, including viruses and bacteria, that may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife;
- Inorganic contaminants, such as salts and metals, that can be naturally-occurring or result from urban stormwater runoff, agricultural application, industrial or domestic wastewater discharges, oil and gas production, mining or farming;
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses;
- Organic chemical contaminants, including synthetic and volatile organic chemicals, that are byproducts of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, agricultural application, and septic systems;
- Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, the U.S. Environmental Protection Agency (USEPA) and the State Department of Public Health (Department) prescribe regulations that limit the amount of certain contaminants in water provided by public water systems. Department regulations also establish limits for contaminants in bottled water that must provide the same protection for public health.

All drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (1-800-426-4791). SOURCE WATER ASSESSMENT

MWD completed an assessment of its Colorado River and State Water Project supplies in 2002. Colorado River supplies are considered most vulnerable to recreation, urban/storm water runoff, increasing urbanization in the watershed, and wastewater. State Water Project supplies are considered most vulnerable to urban/storm water runoff, wildlife, agriculture, recreation and wastewater. A copy of the assessment can be obtained by contacting MWD at (213) 217-6850.

The City of Inglewood conducted an assessment of its ground-water supplies in 2003. Groundwater supplies are considered most vulnerable to airport maintenance/fueling areas, historic waste dumps/landfills, injection wells/dry wells/sumps, landfills/dumps, and confirmed leaking underground storage tanks. A copy of the approved assessment may be obtained by contacting the Water Department at (310) 412-5333.

WATER QUALITY TIPS

- Pick up after your pet, rain washes pet waste directly into the storm drain, which leads to the ocean when it rains. Animal waste contains bacteria and viruses that contaminate shellfish and causes beach closures.
- Apply lawn and garden chemicals sparingly, don't over water.
- Dispose of used oil, antifreeze, paints and household chemicals properly, not hosed down into the street where they will eventually reach the ocean.
- Recycle used motor oil by taking it to a service station or local recycling center.
- Place litter, especially cigarette butts in trash receptacles, never throw litter in the street.

WATER CONSERVATION TIPS

- Decrease the amount of impervious area in your landscape by planting drought tolerant plants.
- Sweep, don't hose down the driveway.
- Gutters and down spouts should drain to vegetated or gravel filled seepage areas, not directly onto paved surfaces.
- Install water saving shower heads and adjustable toilet flappers to reduce flush volume.
- Don't leave the water running while washing dishes.

READING THE TABLE

Although we test for over 100 substances, regulations require us to report only those found in your water. The first column of the water quality table lists substances detected in your water. The next columns list the average concentration and range of concentrations found in your drinking water. Following are columns that list the MCL and PHG or MCLG, if appropriate. The last column describes the likely sources of these substances in drinking water.

To review the quality of your drinking water, compare the highest concentration and the MCL. Check for substances greater than the MCL. Exceedence of a primary MCL does not usually constitute an immediate health threat. Rather, it requires testing the source water more frequently for a short duration. If test results show that the water continues to exceed the MCL, the water must be treated to remove the substance, or the source must be removed from service.

Results are from the most recent testing performed in accordance with state and federal drinking water regulations

- Maximum Residual Disinfectant Level (MRDL)** : The level of a disinfectant added for water treatment that may not be exceeded at the consumer's tap.
- Maximum Residual Disinfectant Level Goal (MRDLG)** : The level of a disinfectant added for water treatment below which there is no known or expected risk to health. MRDLGs are set by the U.S. Environmental Protection Agency.
- Public Health Goal (PHG)** : The level of a contaminant in drinking water below which there is no known or expected risk to health. PHGs are set by the California Environmental Protection Agency.
- Treatment Technique (TT)** : A required process intended to reduce the level of a contaminant in drinking water.
- Regulatory Action Level (AL)** : The concentration of a contaminant which, if exceeded, triggers treatment or other requirements that a water system must follow.

Pets Without Partners

Adopt a "pet without a partner" and give a homeless pet a second chance in life.

Rosey has a personality that reflects her name. She is a happy and fun-loving girl who loves all dogs and instantly makes friends with everyone she meets. She was born around March 2011 and currently weighs about 25 pounds. She is a nice-sized dog--don't be fooled by letting her photo make her seem larger than she is. Rosey loves to go on walks and will sit for treats. She will be a great addition to any home situation. Rosey is spayed, current on vaccinations, de-wormed, microchipped and is good with kids and with other dogs.

This adorable little gremlin is **Linus**, who is as cute as a button! He is around one to two years old and weighs 12 pounds. Linus uses his good looks and charm to get whatever he wants. He is a master manipulator, so he is currently enrolled in a basic obedience class to learn who's the boss! Linus is very smart and food-motivated, so he is a quick learner. Linus needs a home where his owner will be the pack leader, set limits and be consistent with him so he learns to live a more comfortable, less stressful life. Linus is currently learning how to sit and stay and meet people correctly. He would probably be best placed as an only dog or with a female dog in an all-adult home. Linus is neutered, current on vaccinations, de-wormed and microchipped.

To learn more about these and other wonderful dogs, visit our website at www.animalsrule.org. If a dog is on our website, it's available. Or come to our Saturday adoption events from 11 a.m. to 3 p.m. at 305 North Harbor Boulevard in San Pedro (just off the 110 near the cruise port). We are always in need of donations for veterinarian bills and our senior dogs. Donations can be made through our website or by sending a check payable to: Animals Rule Placement Foundation at 305 North Harbor Blvd., San Pedro, CA 90731. All donations are tax-deductible. We are a registered 501©3 non-profit organization.

Saving one animal won't change the world, but the world will surely change for that animal. •

Purrrfect Companions

Zany

Enjoy your purr-fect summer when you adopt a purr-fect partner.

Zany is 50 percent fairy princess and 50 percent rough-and-tumble tomboy, which equals 100 percent adorable. She is a beautiful, medium-haired Dilute Tortoiseshell baby girl with a playful, melt-your-heart personality and a bushel full of love to share! Zany was bottle-fed and hand-raised, spoiled rotten along the way. In case you don't know, bottle babies are the sweetest and most loveable kitties on earth. She has been raised with lots of other kitties (all ages) to play with, as well as three kitty-lovin' dogs who enjoy her silly kitten antics. Zany just loves everybody! Now she's ready for her own family and forever home. Zany definitely must either go to a home that already has another playful kitty to romp and frolic with, or be adopted with another kitty. She would greatly miss the kitty companionship and interaction that she's used to having.

Trent was rescued when he was barely more than two days old, along with his siblings. Life as a bottle baby has its perks and Trent took advantage of every one of them! He's the outgoing adventurer of his litter. When not checking out his surroundings, Trent can be found playing with toys and finding little things he can carry around in his mouth. He also will walk around purring for no reason at all! And this handsome little guy loves to be right up by your face. His favorite morning activity is rubbing his face on yours. Trent would love to be adopted with his sister Kuder, though any home with

Kuder and Trent

another young kitty would be just as great!

Kuder is the sweetheart of her litter, very quiet and easygoing. She loves to play and wrestle with her brother Trent, but never causes any trouble or mischief. Kuder loves to snuggle and spends every night tucked up against her foster mom's back. Her purr is a soft little rumble that comes out when she's being petted. Kuder is definitely one sweet little angel.

These kittens/cats are available for adoption through Kitten Rescue, one of the

largest cat rescue groups in Southern California. All of our kitties are spayed/neutered, microchipped, tested for FeLV and FIV, de-wormed and current on their vaccinations. For additional information and to see our other kitties, please check our website at www.kittenrescue.org, or email us at mail@kittenrescue.org. Your tax-deductible donations for the rescue and care of our cats and kittens can be made through our website or by sending a check payable to Kitten Rescue, 914 Westwood Boulevard, #583, Los Angeles, CA 90024.

On Saturdays, we have adoptions from noon to 3:30 p.m. in Westchester at 8655 Lincoln Boulevard, just south of Manchester Avenue, and also in Mar Vista at 3860 Centinela Avenue, just south of Venice Boulevard. Our website lists additional adoption sites and directions to each location.

Be kind. Save a life. Support animal rescue. •

Happy Tails

Daisy's Happy Ending

Daisy is a sweet girl whose story was not so sweet. Her owners decided they did not want her anymore and tied her to the trashcan in the alley behind the apartment complex they managed. They discarded her like trash. They would feed her cornflakes and the other thugs in the building would kick her and punch her in the face as they walked by. A very nice couple in their 70s caught wind of this and started looking out for Daisy and protecting her. They got her away from the apartment manager and brought her to us, with tears in their eyes they told us Daisy's story. Now Daisy has a happy ending to her story with her new forever family...

"Hi, Daisy has adapted to our unusual family schedule. She sleeps at night, mostly with our 12-year-old (Matt), but sometimes our 16-year-old. She has not met our oldest

yet, but he comes home from college next week. She not only likes to sleep on beds, but prefers to be under covers, which is fine with Matt. Often we don't realize that she is even in his bed because she has burrowed under the covers. He is also the one that feeds her and takes her outside first thing each morning. We also have a comfortable pillow on a chair in our bedroom where she will sleep a few nights a week. She just likes to be near people when sleeping.

She sleeps during the day either on Katherine's bed (when she sleeps after working nights), or outside in the sun on a cement patio or on our grass backyard area. Her main active time is from 3 to 9 p.m. when the kids are home from school. She goes to baseball fields, walks on the trails outside our house or to other family activities. We have taken her to the dog park in Redondo Beach seven

or eight times--she loves this. It gives her some socializing time with other dogs. She fits in well in the small dog section. She is much friendlier and willing to play there than when we meet dogs on walks. At baseball games, she has made several friends with other dogs from other team members who come to every game. (Four other shelter dogs have been recently adopted by families on Matt's baseball team). She does not like getting wet, but puts up with it when we give her a bath. She goes for runs with Katherine two or three times a week and another one to three times a week with me..." -- Mark Miller.

When you adopt a "pet without a partner,"

you will forever make a difference in their life and they are sure to make a difference in yours. •

FOOD & DINING

David Schat's Bakery Café: Tasty Treats Go Beyond Just Sweets

By Brian Simon

I can recall few business openings as eagerly anticipated in El Segundo as when David Schat's Bakery Café debuted late last year. Not only did Downtown finally have a bakery again, but it also fulfilled the dream of a longtime El Segundo resident who happens to hail from a celebrated family in the wonderful world of baking. "People had been asking me forever, 'Why don't you open your own place?'" said David Schat. Once the former Blockbuster site became available, he jumped at the opportunity to transform the space. And yes, Schat's was worth the wait.

The Schat family boasts seven bakeries—each independently owned and operated by different members of the clan. The most famous of the bunch is the landmark operation in Bishop just outside of Mammoth owned by David's uncle Erick that is particularly renowned for its signature shepherder breads.

Though not part of a franchise other than by kinship and with only a few shared recipes, David Schat's Bakery Café does justice and then some to the family name. A sixth-generation Dutch baker who learned the craft as a teen at the hands of his grandfather Jack (who came to the States in the late '50s from the Netherlands), earned a master certification from the American Institute of Baking in Kansas and paid his dues working for the likes of King's Hawaiian Bakery, Van de Kamp's and Pillsbury among other industry luminaries, David carved his own niche as a technician skilled in the science and technology of baking. "I can make a recipe work on whatever kind of equipment there is," he noted.

At King's, David oversaw an operation that chugged out 6,000 pounds of dough per hour. The output is decidedly smaller scale in El Segundo, where the kitchen produces a "mere" 100 dozen rolls a week. But as good as those rolls are there is more to Schat's than baked goods. In fact, it offers some of the tastiest, highest quality and most unique breakfast and lunch options in El Segundo.

The kitchen offers up a diverse menu of sandwiches, salads, soups and sides. Schat's roasts most of its own meats in-house—it even pickles its own pastrami on the premises for five days, making the end result as lean, tender and flavorful as you'll find in the area.

This is also the only place in town you can get hand-carved, house-roasted turkey—and what an upgrade over the processed variety! The sandwich, served on shepherder bread, includes Swiss cheese, avocado, red leaf lettuce and a sweet and tangy cranberry chutney.

Schat's may be the first spot in El Segundo to jump on the "Banh Mi" bandwagon—the Vietnamese sandwiches served on French baguettes. The stellar version here includes house-braised pork belly, pickled carrots, daikon, cucumber, green onions, cilantro, jalapeno and Sambal (chili-based) aioli.

You can also get a pressed Cubano with smoked ham and Genoa salami, as well as sandwiches featuring roast beef, roasted vegetables, garlic chicken or ham and cheese.

The sandwiches may be ordered a la carte and average in the \$8 to \$9 range, which seems reasonable given the freshness, quality and ample portions at hand. You can create a combo for an additional \$3.25 by adding a side and a 16-ounce soda. Side choices include sweet potato fries (especially recommended) with several dipping sauce options, cole slaw, chips, mac and cheese with or without spiced salami, fresh fruit or house salad.

Speaking of salads, Schat's has five of them, including the "Carrie's Salad," named after David's wife Carrie Watkins Schat—the daughter of well-known couple (School Board President) Bill and Carol Watkins—who

particularly enjoys the mix of butter lettuce, Fuji apples, candied walnuts and goat cheese topped with a champagne vinaigrette. And all the dressings are made in house. So yes, you can manage to eat a healthy meal at a bakery.

As far as soups, the roasted butternut squash is to-die-for with toasted pumpkin seeds, panera cheese and herb pesto, while the French onion soup featuring a healthy dose of Dutch gruyere cheese is another winner.

Schat's offers breakfast all day Friday through Sunday and the menu has grown over the last few months. For \$8.50, you can build your own omelet with three eggs and a choice from among different cheeses, veggies and meat. French toast is a must on either the shepherder or raisin walnut bread, as is the corned beef boxty (similar to corned beef hash with a homemade Irish potato pancake and a couple of eggs on top). There is also a breakfast burrito, a BLT egg sandwich and the "Bishop Bowl" (David was born in Bishop and briefly managed the bakery there in his younger days before moving to El Segundo in the mid-'80s) that mixes hash browns, scrambled eggs and country sausage gravy.

Schat's also features Peet's Coffee & Tea, all-natural smoothies, wine and beer—including El Segundo Brewing Company's popular Blue House Ale and a few boutique-style vinos not typically carried elsewhere. A license to sell beer and wine to-go is also in the works.

And finally for the lil' ones, Schat's offers a "kindermenu." Choices include such classics as grilled cheese and peanut butter and jelly sandwiches.

While it may be a pleasant surprise that Schat's is a great breakfast and lunch spot, it's impossible to forget that you are in a bakery given the amazing aromas and the visually appealing display cases in constant view filled with various cookies, pastries and cakes, not to mention racks lined with ready-to-go loaves of bread and rolls pulled out of the oven that morning.

Pastry chef Rebecca Kerper has built quite an assortment of goodies. Among the highlights on the sweet side: the chocolate peanut butter pretzel cupcakes, mini-cream puffs, key lime tarts, cinnamon coffee cake, lemon rosemary cookies, butter spritz cookies (from a family recipe David says has "been around forever"), chocolate chip cookies and Danish pastries, just to name a few. Custom cakes are also available for any occasion.

Open, airy and spacious with a small outdoor patio to boot, Schat's is a comfortable place to hang out. With a number of El Segundo residents among the 23 employees, including Schat daughters Amanda and Eden, it is truly a home town family operation. Carrie is also a fixture at the bakery handling community outreach and social media. Thank goodness for technology to spread the world about old school baking!

David Schat's Bakery Café is open seven days, with Monday to Friday hours 6 to 6, Saturday 7-6 and Sunday 8-3. The kitchen is open for lunch weekdays 10:30-4, for breakfast and lunch Friday and Saturday from 7-4 and 8-3 on Sunday. Patrons can take advantage of free Internet access. Catering with delivery is available and you can also order picnic packs. David Schat's Bakery Café is located at 131-A West Grand Avenue. You will be bidding on a lien, not on a property itself. Placing the highest bid at a trustee auction does not automatically entitle you to free and clear ownership of the property. You should also be aware that the lien being auctioned off may be a junior lien. Los Angeles D-Fenders' Head Coach Eric Musselman will serve as head coach of the 2012 NBA Development League Select team at the NBA Summer League in Las Vegas this July. Musselman, who won 2012 NBA D-League Coach of the Year, is set to coach the Select team that features the NBA D-League's top prospects.

Musselman joins the Select team coming off his first season in Los Angeles in which he guided the D-Fenders to an NBA D-League record 38-12 win-loss mark, the first Regular Season Champion award in franchise history and the first NBA D-League Finals berth in team history. Furthermore, Musselman helped the D-Fenders earn the inaugural NBA Development Champion award, which is an honor given to the team that best embodies the NBA D-League's goals of developing NBA talent via Call-Ups and player assignments.

"We're thrilled to have Eric coach our Select team in Las Vegas this summer," said Chris Alpert, vice president of basketball operations and player personnel for the NBA D-League. "Eric has proven to be a passionate, energetic coach and a first class developer of talent. We're looking very forward to working with him during the Summer League."

Additionally, Musselman coached six Los Angeles Lakers assignment players in 2011-12, including Devin Ebanks, Andrew Goudelock, Darius Morris, Christian Eyenga, Malcolm Thomas and Derrick Caracter. He also developed six players who received NBA

Musselman's NBA Summer League staff will include D-Fenders' coaches Conner Henry and Larry Lewis. The NBA D-League Select team's roster and schedule will be announced at a later date. •

*To live a successful life
Does not require
Money, fame, power, prestige
Or status symbols...
It's more a matter of
Being true to your own beliefs and principles,
Doing your best,
Even in the smallest of things,
And never taking for granted
The simple joys in life—
Such as laughter, a perfect day,
Or a loyal friend.
For all the money in the world
Can't buy self-esteem, character,
Contentment, love or happiness—
And these are the very things
That make life
Worth living.
However you define
Happiness and success,
May you find and enjoy them
Every day of your life.
Congratulations as you graduate.*

cases traded for use in fulfilling funding for certain projects.

Council members asked for what type of projects the UDAG funding was permitted to be used and also how certain funding could be "traded" for use to fulfill projects in this proposed budget, although some of these funds had not been available in a proposed budget two weeks ago. The UDAG funding is possible for public improvement projects and a previous Council relegated these federal funds to a place in the City Treasury "for no use" unless the UDAG funding was going to become absolutely unavailable due to some federal regulation. Councilmember Robett Pullen-Miles inquired whether the UDAG funding could be used for the sidewalk project under scrutiny in this proposed budget. It was determined that the sidewalk project met the criteria for UDAG funds to be utilized. Mayor Harold Hofmann and Mayor Pro Tem Larry Rudolph pointed out that the use of the UDAG funds should not be in question and should not be considered, as those funds can never be replenished by another program. Louie responded when questioned that the fund had a surplus of more than \$750,000.

When Pullen-Miles pointed that the use of the UDAG funds for the sidewalk project could eliminate the need for a staff position to be unfunded, thus not reducing the services in Community Development, he did not

get unanimous consensus. Rudolph and the Mayor voiced their opposition to the idea of using UDAG funds for the sidewalk project. The vote was called for approval of the staff recommendation of the 2012-13 proposed budget, as presented with the additional two staff positions being eliminated for a total of six positions not funded, use of general funds for the sidewalk project, and a surplus of \$101,501.

The staff recommendation of the 2012-13 proposed budget vote failed by a count of 2-3, with Rudolph and Hofmann in favor. Pullen-Miles, Councilmember Pat Kearney and Councilmember Jim Osborne voted no on the proposed budget, which complied with Council requests. Pullen-Miles then proposed a vote on a budget that would include the use of UDAG funds for the sidewalk project in the amount of \$83,200 and called for the elimination of only one more position for a total of five positions--thus not eliminating the Administrative Assistant position in the Community Development Department. This vote was called and seconded and the amended staff recommendation for the proposed budget for 2012-13 with a surplus of approximately \$184,000 was passed by a vote of 3-2, with Rudolph and Hofmann voting no and the others in favor.

A discussion was held on the new business item for consideration of a contract amend-

ment for the completion of certain elements of the Lawndale Community Center to meet certification standards of Leadership in Energy and Environmental Design (LEED) for projects that receive funding from bonds, as well as a new contract for an HVAC subcontractor to proceed with required air balancing and testing of systems in the building in light of the previous HVAC subcontractor not being able to complete the testing and balance the systems up to specifications. The contract amendment with Griffin Structures, Inc., for \$26,900 from Bond proceeds for the Lawndale Community Center project and a \$16,000 contract with Winaire, Incorporated, for LEED testing and air balancing services was approved after the Council and Mayor Hofmann received satisfactory responses to their questions about the work to be accomplished within the parameters of this fourth amendment to the original contract with Griffin Structures, Inc.

In other business, the Council agreed by consensus to prepare letters of recognition or commendation for personnel records for Sheriff's Department Deputies assigned to Lawndale who exhibit exemplary service to the community in the apprehension of

alleged vandals found to be defacing public property and committing other crimes that threaten public safety.

Announcements were made about the Health, Safety and Pet Fair to be held on Saturday, June 24 from 10 a.m. to 2 p.m. on the lawns of City Hall and the adjacent Lawndale Library. The services offered at the fair are all free of charge and the public is encouraged to attend and take advantage of the free health screenings available. A Community Blood Drive will be held at City Hall on Wednesday, June 27 from noon to 6 p.m.

The subject of bicycle safety continues to be a topic of discussion from the public and the Council agreed to take up the issue with the Lawndale School District to devise a cooperative campaign for bicycle safety and the importance of wearing helmets when riding a bike or using a skateboard.

Several citizens and Council members concurred on amending the annual cycle for dog licenses to be issued due to the requirement of rabies and other shots being off-cycle with state and county requirements.

The next meeting of the Lawndale City Council will be held on Monday, July 2 at 6:30 p.m. •
