Culture Night Celebrates Family

William Anderson Elementary School hosted their annual Culture Night on Wednesday, April 20. Over 400 students and families, many wearing cultural attire, came together to celebrate and learn about the different cultures that make up the school. In addition to family run tables, families were treated to performances by the Lawndale Community Center Folklorico dance group and Aztec dancers. Photo by Anne Schmitt.

City Council to Review Proposed Budget from the Lawndale Finance Committee

By Haleemon Anderson

The Lawndale Finance Committee delivered on its mandate to bring a balanced budget to the City Council, presenting a special interactive workshop at Monday's meeting. The \$13.3 million proposed budget for 2016-17 is under review by the council, and will be brought forth for action no later than June 30.

City Manager Stephen Mandoki began the briefing, pointing out an operating surplus of \$50,000 not currently obligated. "We have taken many measures," Mandoki said. "To fund reductions and present you a balanced budget, and we have."

Mandoki said savings were realized from a tech position in the sheriff's office being absorbed into a single post. He also pointed out the need to reconsider funding staff, with Rudolph Park and the new teen center coming on line this fiscal year.

Finance Director Kenneth Louie presented the budget overview, noting the city's major revenues remain solid, with general fund revenues at a pace with projected expenditures. Lawndale continues to hold in reserve more than 100 percent of its total budget, as mandated. The city's hefty general fund holds an estimated balance of \$17.7 million, generated through property taxes, sales tax, UUT and motor vehicles fees.

Louie cited a report from the California Policy Center, ranking Lawndale in the 95th percentile of healthiest cities, from a financial standpoint. Other highlights included \$171,000 in storm drain expenditures; an anticipated update of building fees to match county funds; and a significant increase to the sheriff's budget. The total increase to the sheriff's department represents \$309,000, including a base contract increase of 3.7 percent and an increase to 9.5 percent, up from 6 percent last year, to the liability trust fund.

Other detailed reports from city departments followed. Debbie Holland, municipal services manager, pointed out a line item request to purchase a replacement staff vehicle. The \$30,000 purchase of a hybrid vehicle will come from Air Quality Management (AQDM) grant funds.

Tom Strickfadden, cable television supervisor, was excited to report reductions in Lawndale's cable budget. "This year, we're gonna save a lot of money," Strickfadden said.

Lawndale operates two cable stations (channels 3 and 22). Last year's budget support for the department included a one-time \$600,000 contribution for capital upgrades, which won't be needed in this budget.

Reporting on the Community Services department, Manager Mike Estes noted a \$13,000 budget reduction, "with no reduction in services." Estes said his office achieved the savings by adjusting staffing at the three city-owned parks according to community flow on varying days. The council responded, saying that coverage at the parks needs to be assured from 10 a.m. until dusk, to guard against undesirable activity.

"We'll have more activity, if there's no personnel," Councilman Dan Reid said. Staff hours might be diverted from the community centers to provide additional coverage at the parks, Councilman James Osborne said.

Mandoki said the committee could look at the surplus funds and bring a recommendation back to the council.

Estes also reported community services will purchase two new vehicles, using grant monies from Proposition A. "Prop A is strictly for transportation," Estes said. Citing that costs for a multi-use staff vehicle, and an 18-person transit van will not come out of general funds.

Public Works Director Frank Senteno presented a "wish list," a spate of unfunded

projects including a \$10,000 concrete grinder and \$100,000 to replace the marquee over Hawthorne with a new LED system. Senteno noted that the annual street maintenance program is on pace to achieve an 80 percent pavement condition index by 2021. "That's better than most cities," Senteno said. Mentioning several Lawndale neighbors.

Other unfunded public works projects include the City Facilities Assistance Master Plan and ADA transfer plan; railroad storm drain culvert repairs; and replacement of the community centers' HVAC controls. Senteno said he particularly favored funding an additional project--the CNG fueling station replacement, which has a price tag of \$540,000 over 15 years.

Assistant City Clerk Pam Giamario gladly reported a savings of \$55,000. "There's no election," Giamario said. "There's a few changes, but otherwise everything is completely status quo." Reports from the Finance and Information Technology (IT) were reviewed without further comment.

Mandoki recapped the comments, noting the council's requests to discontinue sidewalk sales and associated promotional costs; revisit funding for staffing at the parks; and consider allocations for the four unfunded projects. The council thanked Finance for its work, with Osborne noting how often members hear that Lawndale is the subject of envy for its fiscal responsibility. Mayor Pullen agreed, saying, "Our task is to look at and under every penny. The money is there to serve the people, not just to sit in our coffers."

In other business, the council recessed for a brief closed session regarding labor relations pursuant to government code 54957.6, after which there was no reportable action.

The next meeting of the City Council will be Monday, May 16 at 6:30 p.m. in the Lawndale City Hall council chambers. •

Smart Ways To Boost Your Home's Energy Efficiency

(BPT) - You wouldn't know it with the mild weather we're having this winter, but spring is fast approaching. Building industry experts say now is an ideal time to carefully consider and prioritize home renovation plans. Most homeowners will opt to address the cosmetic features of a home when completing a renovation project to add comfort and value. However, it's often what you can't see that can have the biggest impact.

Before diving into any home renovations, consider the "skeleton" of your home, known as the building envelope, rather than just the cosmetic features such as chrome fixtures or granite countertops. For instance, high efficiency windows are an excellent investment for any home renovation to help drive down excessive energy waste and high utility costs. The U.S. Department of Energy suggests that traditional windows contribute to as much as 10 percent of the total amount of air escaping from a typical home, while improperly sealed doors can contribute a further 11 percent.

Another easy renovation idea to consider is

researching and selecting high efficiency, green materials in commonly used rooms, such as bathrooms. Low flush water systems, solar hot water systems and even small-scale geothermal energy systems, as well as Energy Star-rated appliances, can reduce energy consumption and

your overall carbon footprint while maintaining a comfortable, enjoyable living space for you and your family.

Investing in an effective insulation solution also can make a noticeable impact on reducing household utility costs. Building experts suggest

that homeowners completing a home renovation should be as involved as possible in determining the best insulation type for their home. This means that homeowners should actively research the types of materials available and how well they perform over the long term.

Spray foam insulation, available from Icynene, is growing in popularity among homeowners since it is an energy-efficient insulation material that delivers year-round benefits. Spray foam insulation works well in all types of homes across the country, regardless of climate, to curb air loss and retain the conditioned air within your home to maintain a consistent, even temperature.

Spray foam insulation performs for the life of the property, ensuring that homeowners can enjoy comfortable indoor temperatures all year round without overrunning their heating and cooling equipment and accumulating high heating and cooling costs every month. More information on the effectiveness of spray foam insulation is available online at www.icynene.com.

You should also be aware that the lien being auctioned off may be a junior lien. If you are the highest bidder at the auction, you are or may be responsible for paying off all liens senior to the lien being auctioned off, before you can receive clear title to the property. You are encouraged to investigate the existence, priority, and size of outstanding liens that may exist on this property by contacting the county recorder's office or a title insurance company, either of which may charge you a fee for this

information. If you consult either of these resources, you should be aware that the same Lender may hold more than one mortgage or Deed of Trust on the property. Notice to Property Owner The sale date shown on this Notice of Sale may be postponed one or more times by the Mortgagee, Beneficiary, Trustee, or a court, pursuant to Section 2924g of the California Civil Code. News for the 'City of Good Neighbors'

From City Clerk Norb Huber

COMMUNITY K-9 DINNER

The Hawthorne President's Council will once again sponsor a Community BBQ Dinner to raise funds for the Hawthorne Police Department's K-9 Unit. The date is Thursday, May 26th starting at 5 p.m. at the Memorial Center. Adults are \$5 and children are \$2.50. It's great to come together as a community and help support our HPD. In attendance each year are some of the German shepherd dogs that make up our K-9 unit. The dogs have been trained to help their partners at various crime scenes. They usually show off their talents for all in attendance.

HISTORICAL SOCIETY MEETING

The next open meeting of the Hawthorne Historical Society will be held on Monday, May 23 beginning at 6:30 p.m. at the Hawthorne Museum. By attending you will meet some of your neighbors, get to know what Hawthorne was like and become more involved with your community. We need you to be involved. Make a point to try to make our next meeting. Coffee and cookies are available for your nutrition.

GOOD NEIGHBORS DAY COMING THIS SUMMER

The 6th Annual Good Neighbors Day is planned for Saturday, July 16th at the civic center area. We want to make this year's edition bigger and better. We are inviting any Hawthorne residents with talent or with some talent, to contact us about performing on that day. We are particularly looking to involve our young people in our program. If you know of a local band that is practicing in their garage and wants an opportunity to perform, this would be their chance. Please email me if you know of anyone who would like to participate. My email is: norbhuber@gmail.com

MEMORIAL DAY WEEKEND

Memorial Day weekend is the start of summer. It's time to bring on the hot, sunny weather. It's time to head to the beach for

some fun in the waves. Time to get the BBQ going to grill up some brats and have a cold one or two. Graduations, Father's Day and the start of summer day camps are all right around the corner. Check with the Hawthorne Parks and Recreation Department for a list of swimming lessons that are taught at our city's pool on Inglewood Avenue by Hawthorne High School.

COMMENTS, COMMENTS AND MORE COMMENTS

My readership must be picking up, I've been hearing more and more comments lately, both negative and positive, regarding some of my recent rumbblings. "You're getting too religious", "You must be an old drunk", "Isn't there any separation of church and state?", "Why do you refer to your dear wife as your old lady?" "You better watch it, they may fire you." To tell you the truth, I'm thrilled, after writing over 300 columns and getting absolutely no response, I have a few people actually reading what I type especially since I started writing about, God, crime and cold ones. Now if I can get any one of you to understand what I'm trying to communicate then all of my long hard minutes pouring over the keyboard will have been all worth it. If I can motivate one soul to take a positive step in the right direction, then I will be able to sleep a little bit easier. I don't write this column for any other reason than to have fun and maybe bring about a little positive "vibe" back to our city of decent neighbors. (I get tired of calling you all good neighbors.) Maybe that's what I'm saying, I'm not perfect but I do CARE. I care about what goes on around me. I care enough to try to make a difference. In Galatians 6:9 we read, "Let us not grow weary of doing good." Yes, I get tired of doing good. But, every day is another opportunity. By being transparent here in my column, I try to "tell it like it is". I just like to be "real". Why not be "real" with me? (Just fake it if you can't be real.) •

Smart Cellphone Security Tips For Seniors

(BPT) - Seniors are one of the five groups most at-risk for identity theft, according to a report from U.S. News & World Report. Because your cellphone or smartphone likely contains personal information about you that may include your name, home address, phone number and financial account information, a lost, stolen or hacked phone can be a treasure trove for criminals.

Consumer Cellular, which specializes in no-contract cellphone service and phones primarily for people 50 and older, offers some advice for securing your cellphone:

- **Always use strong passwords.** You may be tempted to use one password for all your accounts because it's easier to remember one rather than multiple. However, if your login information is compromised, a single password makes it easier for crooks to gain access to all your accounts. Use numbers, symbols and capital letters in place of lowercase letters to strengthen your passwords. If you're not sure how to create a strong password, Microsoft offers a helpful free online guide. If you're having trouble remembering passwords, try downloading an app that securely manages all your passwords.
- **Use your phone's built-in security features, such as a lock screen, password protection and data encryption.** Many smartphones give you a variety of ways to secure your phone, such as using your fingerprint, entering a PIN or swiping a pattern on the lock screen. A lock and/or encryption ensures that if your phone is

lost or stolen, whoever has it won't be able to easily access data stored on the phone.

- **Back-up your phone's data, especially if you use it to capture photos and videos.** If your phone gets damaged, lost or stolen, you can easily restore the data onto another eligible device. In addition, backing-up data can help your phone run more efficiently. Storing data on the device takes up a lot of memory and can slow it down.
- **Be cautious about what apps you download to your phone.** Carefully review the terms and conditions and privacy disclosures of any app you're considering - before you download it. Some apps may collect data about you and share it with the app developer or others.
- **Don't forget to add your cellphone number to the National Do Not Call Registry (www.donotcall.gov) so that you don't receive unwanted solicitation calls.** Consider blocking your phone number to further protect your privacy; some businesses you call may collect, store and share your phone number and information unless you block it.
- **Accidents happen, and smartphones can be costly to repair or replace.** An inexpensive way to protect your phone against drops or spills is using a case. It's also a great way to personalize the appearance of your device. Another option is to purchase a protection plan or warranty for your phone through the manufacturer or your wireless provider. •

Local Tracksters Advance to CIF Prelims

Morningside High's Adarrus Wilson pulls ahead as he heads to win the 100-meter dash in 11.12 seconds at last Friday's Bay League Track and Field Championships. Photo by Joe Snyder.

Last week was the CIF-Southern Section League Track and Field Championship Week and several local athletes were able to place high enough with good enough marks or times to advance to this week's Southern Section Prelims to be held at various sites.

In the Ocean League Championships last Thursday at Culver City High, Lawndale had some league champions, behind Jaelin Walker who won the long jump and high jump. Walker captured the long jump with a very good leap of 22 feet, three and a half inches and the high jump at five feet, 10 inches. Walker also placed third in the triple jump at 41-7. Bryant Perkinson was able to defend his league title in the triple jump at 43-9. He also finished second in the long jump with a leap of 22-2 and made the Southern Section Division II Prelims in both events. Erick Willis, along with Walker, had a 5-10 high jump but had to settle for a second place due to Walker

having fewer misses. Both move on to the Southern Section Division II Prelims. Kiyaam Cooksey captured the 110-meter high hurdles clocking 15.03 and took second in the 300 intermediates in 39.94 to qualify for CIF in both events. Jonathan Blackman was second in the 100-meter dash timing 11.13 and finished fourth in the 200 in 21.87 seconds. Lawndale's 4x100-meter and 4x400 relays both recorded second place finishes. Its 400 relay squad of Cooksey, Blackman, Perkinson and Demarjae Gilmore was clocked at 43.89 to finish behind winner Culver City (43.11). Closing the meet, the Cardinals 1,600 relay team of Cooksey, Jona Hian, Willis and Jacob Khu placed second at 3:26.94. Santa Monica, behind nationally ranked 400-meter runner Marcel Espinoza, won the race clocking 3:26.17. Espinoza also won the 200 and 400 in the meet.

For the girls, Lawndale's Destiny Jones advanced after taking third in the high jump,

leaping 4-8. The Lady Cardinals also had a second place finish by Ashley Calloway in the shot put with a toss of 30-4. Teammate Kimberly Romero was third at 29-9. El Segundo's Tatiana Taylor won the event throwing 33-4.

"We're hoping to send athletes in at least four events to the championship meet," Lawndale High assistant coach Demitre Howard said. "We had a few close losses. Our boys took second (behind champion Santa Monica) in league. Honestly our kids excelled. We lost some close dual meets. (The Cardinals took third, behind first place Santa Monica and runner-up Culver City in the Ocean League.)"

Hawthorne High's best showing was by Kishawn Berry in the boys' 100-meter dash where he finished third timing 11.43 but it was not good enough to qualify for the CIF-Southern Section Division II Prelims. Culver City's Chalil Hooper won the 100 in 11.0, followed by Blackman.

The Southern Section Division II Prelims will be at Moorpark High, starting at 8 a.m. Saturday. The finishers in each event move on to the Southern Section Divisional Championships on May 21 at Cerritos College with the field events beginning at 11 a.m. and the running events at 1 p.m.

BAY LEAGUE

Morningside's boys and Inglewood's girls had a few top showings in last Friday's Bay League Track and Field Championships at Redondo High. Keying the Monarchs was Adarrus Wilson. Wilson won the 100-meter dash at 11.12 seconds and was a close second behind Redondo's Jerone Jackson clocking 22.66 in the 200. Jackson won the 200 in 22.64. The Monarchs also had a league champion by Darren Morgan in the high jump at 6-4. All move on to the CIF-Southern Section Division IV Prelims at Estancia High in Costa Mesa Saturday, beginning at 8 a.m.

For the Lady Sentinels, sophomore Tajanae Nettles placed second in the 400 timing 59.07. Winning the race was Mira Costa's Jaylah Herron in 57.83. Nettles also helped Inglewood's 4x100-meter relay finish second (also behind Mira Costa) clocking 49.31. The Mustangs won the race at 48.91. Nettles and the relay move on to the CIF-Southern Section Division III Prelims Saturday at 8 a.m. at Trabuco Hills High in Mission Viejo. All divisional finals are at Cerritos College, beginning 11 a.m. on May 21.

CULVER CITY SWEEPS

HAWTHORNE

Hawthorne High's baseball team found first place Culver City too much to handle as the Centaurs easily sweep the Cougars last week. At Culver on May 3, the Centaurs rolled over the Cougars 9-2. At Hawthorne last Thursday, Culver blanked the Cougars 8-0.

On May 3, Brandon Brown drove in a run with a base hit. Daniel Sanchez tripled and scored a run.

The Cougars, who fell to 1-7 in the Ocean League, have a league rivalry two-game series against Lawndale this week. After visiting the Cardinals last Tuesday, Hawthorne hosts Lawndale today at 3:15 p.m. •

Planet Nine: A World that Shouldn't Exist

By Bob Eklund

Earlier this year scientists presented evidence for Planet Nine, a Neptune-mass planet in an elliptical orbit 10 times farther from our Sun than Pluto. Since then theorists have puzzled over how this planet could end up in such a distant orbit.

New research by astronomers at the Harvard-Smithsonian Center for Astrophysics (CfA) examines a number of scenarios and finds that most of them have low probabilities. Therefore, the presence of Planet Nine remains a mystery.

"The evidence points to Planet Nine existing, but we can't explain for certain how it was produced," says CfA astronomer Gongjie Li, lead author on a paper accepted for publication in the *Astrophysical Journal Letters*.

Planet Nine circles our Sun at a distance of about 40 billion to 140 billion miles. This places it far beyond all the other planets in our solar system. The question becomes: did it form there, or did it form elsewhere and land in its unusual orbit later?

Li and her co-author Fred Adams (University of Michigan) conducted millions of computer simulations in order to consider three possibilities. The first and most likely

involves a passing star that tugs Planet Nine outward. Such an interaction would not only nudge the planet into a wider orbit but also make that orbit more elliptical. And since the Sun formed in a star cluster with several thousand neighbors, such stellar encounters were more common in the early history of our solar system.

However, an interloping star is more likely to pull Planet Nine away completely and eject it from the solar system. Li and Adams

find only a 10 percent probability, at best, of Planet Nine landing in its current orbit. Moreover, the planet would have had to start at an improbably large distance to begin with.

CfA astronomer Scott Kenyon believes he may have the solution to that difficulty. In two papers submitted to the *Astrophysical Journal*, Kenyon and his co-author Benjamin Bromley (University of Utah) use computer simulations to construct plausible scenarios for the formation of Planet Nine in a wide orbit.

"The simplest solution is for the solar system to make an extra gas giant," says Kenyon.

They propose that Planet Nine formed much closer to the Sun and then interacted with the other gas giants, particularly Jupiter and Saturn. A series of gravitational kicks then could have boosted the planet into a larger and more elliptical orbit over time.

"Think of it like pushing a kid on a swing. If you give them a shove at the right time, over and over, they'll go higher and higher," explains Kenyon. "Then the challenge becomes not shoving the planet so much that you eject it from the solar system."

That could be avoided by interactions with the solar system's gaseous disk, he suggests.

Kenyon and Bromley also examine the possibility that Planet Nine actually formed at a great distance to begin with. They find that the right combination of initial disk mass and disk lifetime could potentially create Planet Nine in time for it to be nudged by Li's passing star.

"The nice thing about these scenarios is that they're observationally testable," Kenyon points out. "A scattered gas giant will look like a cold Neptune, while a planet that formed in place will resemble a giant Pluto with no gas." •

Zesty Grilled Cheese

*Spicy pickles and fontina cheese combine for a delicious grilled cheese pairing.
Serves: 1*

Ingredients

- 1 slices of Artesano™ Style Bread
- 10 - 12 red onion slivers
- 2 tbs butter, at room temperature
- 1 tbs canola oil
- 3 tbs aioli
- 4 oz Fontina, sliced or grated
- 2 oz spicy pickle slices
- red pepper flakes (optional)

Preparation

1. Preheat skillet over medium heat, add the oil and allow it to warm. Fry the onion slivers until the tips begin to blacken and the edges char. Lower the heat to medium-low and move the pan to a cool burner for a few moments.
2. Butter one side of a slice of bread and place it, butter side down, on the skillet. Place skillet back on the medium-low burner.
3. Quickly spoon half of the aioli over the top surface of the bread and add half of the Fontina over the aioli.
4. Scatter the charred onions over top of the cheese and place the pickles evenly over the onions. Cover the pickles with the remaining cheese, spoon over the remaining aioli, sprinkle with pepper flakes and top with remaining buttered bread, buttered side up.
5. When the bottom slice of bread has reached the desire golden brown color, gently press down on the sandwich with your spatula, and carefully flip over.
6. Cook until the second piece of bread has reached the desired color and the interior is heated through and the cheese is melted.

Purrrfect Companions

Scout

Share springtime with a wonderful feline friend and adopt your purr-fect match.

Scout is a classic Tortie - confident, affectionate, devoted, somewhat silly, and vocal. She loves being cuddled and doing things with you such as sitting on your lap while you are working or napping next to you or watching television. Still a kitten, Scout is a super-duper purrer. She loves her sisters, Marvel and Linden, and could sleep with them in your sock drawer for hours. She loves socks and will gladly take them all over your house for you. This curious kitten would be a great sister to another kitten or young adult cat. Of course, her preference would be to be adopted with one of her own sisters, Marvel or Linden, as they look to each other for most things

Marvel is a goofy, fun girl who loves cuddles! Her favorite game is to pounce on your feet under a blanket. Her second favorite thing to do is to lick your hands and fingers and toes. She gets along with everyone: her sisters Linden and Scout, the resident adult cats, and her foster humans. Happy to run and play and cuddle like most kittens do, Marvel does them more! Black cats are harder to find homes for, so please consider adopting little Marvel.

Linden is polite, affectionate, charming, and sometimes a bit shy. She likes to be up high in her cat tree looking out at the world. Like her sisters Scout and Marvel, she is a champion purrer. They are her best friends and if the house is quiet that means they are sleeping together in your sock drawer. Linden would be a great sister cat to a social, easy-going kitten or young adult who could be my mentor. Her preference, of course, would be to go with her siblings, but she is realistic about someone adopting three kittens at once!

Linden

Anabel

Anabel was living on the street, thin and scared. But after a few weeks in a loving foster care, she regained her weight, the glossiness of her beautiful coat, and her trust in people. Anabel is very affectionate and friendly, enjoys playing with people or by herself, wants to play with other cats, and loves to cuddle and sleep with her person. The markings of her fur, her length, and her intelligence suggest she is a Bengal mix. She will stand up, wrap her front paws around a door knob, and open an interior door! Anabel is a friend to everyone...other cats, people and even small dogs if they are a friend to her.

Anita is a very sweet little girl who loves to play and run. Her favorite toys are laser lights and tiny crumpled balls of paper or tinfoil; she'll chase them around the house and even carry them in her mouth. Anita is a very curious little kitty, but knows not to jump up on most tables or the kitchen counters. With a gentle spray from a squirt gun, she'll learn where she is not wanted. She can be a little shy with new people, and a bit skittish if she feels she's being chased or yelled at, but with a bit of gentle lovingness, she'll warm right up and really does love attention and affection. Anita would love another female kitty friend to play with, and she does get along with most dogs (provided they won't chase her!). She would fit right into a home with another cat or dog friend, but no young children please. (She was severely traumatized by young children at her first forever-home.)

Goldie was an abandoned kitten, just appearing one day in her foster's garden. She is very cute and quite affectionate. As a kitten teenager, Anabel is very playful. Her ideal new home for her would be with a kitty playmate, preferably not with small children or a dog.

THE YELLOW DOG PROJECT.com

If you see a dog with a **YELLOW RIBBON** or something yellow on the leash, **this is a dog who needs some space.** Please do not approach this dog with your dog. Please maintain distance or give this dog and his/her person time to move out of your way.

There are many reasons why a dog may need space:
HEALTH ISSUES
IN TRAINING
BEING REHABILITATED
SCARED OR REACTIVE AROUND OTHER DOGS

THANK YOU!
Those of us who own these dogs
appreciate your help and respect!
